

# Wallace Vows To Stay in Race

SILVER SPRING, Md. (AP) — George C. Wallace, shot down at an election eve campaign rally, today fought to regain use of his paralyzed legs but vowed to continue seeking the presidency in a wheelchair if necessary.

Doctors said Wallace is under sedation because of pain from his multiple wounds, including a bullet that remains lodged against his lower spine, but is in no immediate danger of death. They wouldn't predict whether he'll walk again.

Today, President Nixon offered Wallace full facilities of Walter Reed Medical Center.

"I can assure you Gov. Wallace is receiving the best medical care," Nixon said at the White House.

Charged with the shooting is Arthur Herman Bremer, 21, a white man who reportedly had followed the Wallace campaign for some time. He was held in \$200,000 bail today by a U.S. magistrate. His family and acquaintances in his hometown of Milwaukee said they could supply no motive for the shooting.

Wallace was hit several times Monday by point-blank pistol shots fired in the midst of a crowd at a shopping center in Laurel, Md. Three others also were wounded, none critically.

Voters in Maryland and Michigan balloted today in primaries that Wallace is favored to win, thus marking a high point in his campaign for the Democratic presidential nomination.

Doctors said at 8 a.m. that Wallace had come through the night in good spirits despite his pain. "He says it hurts, and he's feeling fine," said Dr. Joseph Schanno.

Schanno listed Wallace's condition as critical. At noon a Holy Cross Hospital spokesman said his condition was unchanged.

Wallace is in the intensive care ward. A spokesman said well-wishers have sent 50 to 60 arrangements of flowers, and that Mrs. Wallace has requested that people find some other way to express their concern.

Doctors said Wallace, 52, was hit by four or five bullets. Only two lodged in his body.

One was removed from his right shoulder. Another punctured his abdomen and lodged on his spine, causing damage to the spinal cord. That bullet was left in, though Dr. Schanno said it might be taken out later. Bullets also pierced Wallace's right forearm, grazed the back of his left shoulder blade and grazed his upper right shoulder.

"I think the governor is going to make a recovery," Schanno said. "Now, what disability he has as a result of his wounds is difficult to evaluate at this time. We're all very optimistic at this point."

Wallace's wife, Cornelia, said early today, after her husband had come through five hours of surgery, that she is optimistic. "As you know, his nature, he didn't earn the title of the 'fighting little judge' for

nothing, and I expect him to continue in the same vein."

Spokesmen said Wallace plans to continue his campaign, even if he doesn't regain use of his legs. Schanno pointed out that President Franklin D. Roosevelt had been a wheelchair cripple during his years in the White House.

Nixon offered Wallace the presidential suite at Walter Reed.

He said if Wallace wishes to return to Alabama to recuperate an Air Force hospital plane will be put at his disposal.

Earlier Nixon had dispatched a White House physician, Dr. William Lukash, to aid Wallace's doctors.

"I am very happy and I feel very good that he is alive," Mrs. Wallace said, "that

he has a sound heart and a sound brain and all his vital organs are solid. I couldn't thank God more."

Mrs. Wallace had said earlier outside the operating-room door that her husband had no feeling below the waist. Dr. James G. Galbraith, head of the neurological department at the University of Alabama, said the governor is paralyzed in both lower extremities.

"The outlook cannot be predicted but it is not favorable," Galbraith said. "It would be unusual to get complete recovery under these circumstances."

Early today, doctors said Wallace was alert, awake and making progress "as well as we can expect."

**Alleged Assailant**

Gov. George Wallace's alleged assailant, identified as Arthur H. Bremer, 21, of Milwaukee, was arraigned just before midnight

Monday in Baltimore. Bremer is shown being escorted from Federal District Court where bail was set at \$200,000. (UPI)

## To Install TVs

## Board Approves Hospital Budget

In its Monday night meeting the Bothwell Hospital Board of Trustees approved the 1972-73 fiscal year budget as submitted by administrator Don Feeback and granted the Ladies Auxiliary permission to enter into a contract with the Philco-Ford Corp. to supply and install color television sets for patients at the hospital.

The board approved budgeted expenditures of \$3,609,647 for the coming fiscal year. Board president Robert Gardner said "what is really astonishing about that figure is the fact that nearly two-thirds, or \$2,243,187, of it all goes to pay the salaries of hospital employees. Even with the expensive equipment we have to purchase it is by far our largest expenditure."

The new budget shows only a slight increase over the current budget. Feeback explained that the raise was due to increase in salaries, especially in nursing services, and that minimum wages were figured at \$1.80 an hour for the coming year, pending legislation currently under consideration by Congress.

## weather

Partly cloudy this afternoon and tonight with a slight chance of showers or thunderstorms; low tonight around 60; Wednesday fair to partly cloudy and warmer, high around 90; probability of measurable precipitation tonight 20 per cent. Wednesday 10 per cent. The temperature today was 57 at 7 a.m. and 77 at noon. Low Monday night was 50.

Lake of the Ozarks stage: 56.5; 3.5 feet below full reservoir. Sunset today will be at 8:19 p.m.; sunrise Wednesday at 5:59 a.m.

Black subversives are being shadowed by the Federal Bureau of Investigation, Jack Anderson writes. Page 8.

Columbia Hickman wins the theoretical all-sports trophy in the Central Missouri Conference. Page 11.

The campaign of Gov. George Wallace won't stop with Monday's near tragedy. Page 16.

Total revenues for the same period are expected to be \$3,634,982, which, if realized, would put the hospital approximately \$25,000 in the black for the year.

The hospital hopes to come closer to achieving that goal in the coming fiscal year since Neil Chapman reported the institution had operated at a loss for the second consecutive month. Revenues lacked well over \$5,000 of covering disbursements for the month of April.

One cause given was the increased use of inhalation therapy at the hospital, a new service begun this year which has required the building of stocks of tubing and mouth pieces and a great demand for pure oxygen. Feeback also noted that the hospital was 1,900 patient days behind the number of patients and their days in the hospital for last year's operation.

Feeback also noted there was \$111,000 in outstanding accounts owed the institution. He explained that, for accounting reasons these accounts were so far past due that they were no longer considered current. However, he said that the hospital might collect at least half of the amount from people making small monthly payments or those awaiting court action to be paid damages for the time and expense in hospital stays.

On a positive note the board voted to allow the Ladies Auxiliary to contract to have 18-inch color television sets installed in the rooms and giving patients the option to rent pillow speakers in order to use the sets.

According to terms of the contract as explained Monday night, the Philco-Ford Corp. would handle the installation, provide the accessories, service, provide non-cancelable liability and theft insurance and give the Auxiliary an option to buy for \$1 the 90 sets that bids were accepted on.

The cost to the auxiliary will be 30 cents per set per day or roughly \$9.35 per set a month. The ladies have proposed to rent the sets to patients for \$1.50 daily. Assistant administrator Ray Jiedel noted that at that rate only 20 sets per day would have to be in use for the auxiliary to break even on the operation. He added, he foresaw a lowering of rental rates if the TV rental operation went as well as now expected.

The question of allowing the Auxiliary to go into the rental operation was tabled at the March meeting of the board when it learned the hospital would also have to sign the lease agreement. This proposition would put the board at a disadvantage since it would not be allowed to be directly

### Election Standoff

## OK College Expenses at SFCC

The State Fair Community College board of trustees, following a discussion concerning publication of its full budget, Monday night approved \$1,644,239 in anticipated expenditures for the coming school year.

That figure compares to expenditures of \$1,270,877 last year, according to Fred Davis, SFCC president. The school expects its income for the new school year to be \$1,649,729, compared to \$1,254,059 in income last year, he said.

Although the board voted against publication of the budget, Davis said it was open for inspection to any resident within the college district.

The board also continued its stand-off vote concerning the re-election of William Hopkins as board president. He is opposed by Richard Leppert, Lincoln, for the post.

As before, the secret balloting among board members resulted in a 3-3 tie and Hopkins remains president of the board.

Leppert, supported by Richard Banks and Leonard Heisterberg, both of Cole Camp, moved to allocate funds to publish the school's proposed budget. Davis had recommended the board approve the budget prior to Leppert's motion.

For the second time in as many ballots, the board was divided evenly. Dr. Donald Proctor, Hopkins and Dr. C. Gordon Stauffacher opposed Leppert's motion while Leppert, Banks and Heisterberg favored it.

Proctor explained he was not opposed to publication of the budget. However, he pointed out the action proposed by Leppert did not take into consideration the cost of publication, nor did it explain where or in what newspapers the budget would be published.

"I want to know what I'm paying for before I write a blank check," Proctor said. Stauffacher and Hopkins joined in voicing their concern over such an expenditure.

Hopkins noted local schools do not publish their budgets, only their financial statements. Davis and other administrators, including Dr. Marvin Fielding and Dr. Joyce Fielding, explained the budget. Most programs are based on anticipated income, they explained, and when the income is not available for all

projected programs the budget must be cut accordingly.

Hopkins said most of the money for the operation of SFCC comes from state and federal allocations. He said 23.5 per cent of the revenue for the school comes from local taxes paid by Pettis Countians and 7.9 per cent of the college's income is derived from taxes raised in Benton County.

The budget was then brought up for approval. Leppert cast the only dissenting vote.

Fielding took the board and members of the news media on a walking

tour of the college to explain proposed remodeling and construction at SFCC. According to Fielding, a secretarial lab on the north end of the building would be occupied by the dean of the evening division and community services and 14 to 18 staff members.

An office area across the hall from the secretarial lab would be occupied by the clerical staff and copying equipment. Fielding said.

The present student union is going to be transformed into office space for eight members of the college staff and five

classrooms. The classrooms could vary in number. Fielding told the board, through the use of movable partitions.

To eliminate a deficiency noted by the North Central Association, which rates and accredits schools, Fielding noted science laboratories would be expanded to encompass an adjoining room in the northwest section of the college.

The board was told a new Student Union would be constructed, probably south of the existing buildings.

(Please see COLLEGE, Page 4.)

## American Bombers Have Ruined Hanoi's Air Defense Facility

SAIGON (AP) — American fighter-bombers wrecked North Vietnam's air defense headquarters on the southern edge of Hanoi and cut the main pipeline feeding tanks and supply trucks on the northern front in South Vietnam, the U.S. Command announced today.

Intelligence reports have said Russian technicians and advisers were known to be working in the headquarters, but there was no immediate comment on this from the command.

A six-page communique reporting the assessment of damage done by nearly 2,000 strikes in North Vietnam during the past week said:

"The North Vietnamese Air Defense Headquarters at Bach Mai air field, south of Hanoi, was struck by U.S. Air Force F4s, destroying several structures."

Bach Mai is three miles south of Hanoi. The command also disclosed that air strikes against North Vietnam have been stepped up to an average of 250 per day in the campaign ordered by President Nixon a week ago to choke off supply routes to the south.

The command had announced earlier that both the northwest and northeast rail lines between Hanoi and China had been

cut, and the 7th Air Force reported Sunday that its bombers had destroyed the "Dragon's Jaw" bridge at Thanh Hoa, 80 miles south of Hanoi, a key link in North Vietnam's supply network.

But spokesmen said that the effects of the aerial campaign on the enemy offensive in the south would not be known for at least 30 days. They estimated that the North Vietnamese had a month's supply of fuel close at hand for their tanks and vehicles in the south.

Fighting in the 48-day-old North Vietnamese offensive slowed down, but the reason was not immediately clear. One U.S. military source said the enemy may

have pulled back to consolidate his forces, but "even the most ardent air power advocate would not attribute this lull to the bombing."

South Vietnamese forces continued to push out from Hue to widen their defenses and keep the North Vietnamese from getting close enough for an all-out attack on the old imperial capital.

Reporting on the air war against the North, a U.S. communique said: "All pumping stations along the main Communist pipeline running down the southern panhandle of North Vietnam into the demilitarized zone were destroyed."

## Connally Resigns Post in Treasury

WASHINGTON (AP) — President Nixon made a surprise personal announcement today that Secretary of the Treasury John B. Connally—"a tower of strength for the President"—is resigning.

Nixon told newsmen at the White House that he will nominate George P. Shultz, former secretary of Labor and currently director of the Office of Management and Budget, to succeed Connally.

To take over from Shultz at OMB, Nixon will name the agency's deputy director, Caspar Weinberger.

Connally said politics didn't figure in his decision to leave the Cabinet after 18 months.

Asked what role he might play in the fall election campaign, he replied, "I don't know."

He has been the only Democrat in President Nixon's Cabinet.

Although Connally declared that "I have no political aspirations and no particular ambitions," he declined to rule out the possibility that he might answer the call should Nixon ask him to be his vice presidential running mate this year.

The departing Treasury chief said he didn't think such an offer would be forthcoming and asserted, "I don't want to engage in that type of speculation."

After a moment's pause, Connally added:

"I'm not going to withdraw from the human race or from the political life of my nation."

Connally served as secretary of the Navy under President John F. Kennedy, resigning to run for the governorship of Texas. While serving as governor he was wounded by the assassin who killed President Kennedy, Nov. 22, 1963.

The tall, silver-haired Texan said he was leaving the Treasury with "nothing but the profoundest admiration for the President."

Nixon was equally lavish in praising Connally, describing him as "the architect of the new economic policy" and a tower of strength in the administration.

Facing Charges  
In Bomb Incident

LAWRENCE, Kan. (AP) — the bombing of the house of Arnold Stead, 24, will be arraigned in the June session of Douglas County District Court on three charges in connection with a May 14, 1970, bomb incident in Lawrence. Stead is in the federal penitentiary at Leavenworth. He has been charged with several bomb incidents in the Kansas City area. Bail was set Monday at \$8,500. The charges arose from

Dismissal  
Of Charges  
Is Sought

CHICAGO (AP) — Charges of conspiracy, bribery and fraud against former Gov. Otto Kerner should be dismissed, his attorney claims, because a government check on Kerner's mail was an "unconstitutional invasion of privacy."

Although not charging the government with examining the contents of the mail, "the act itself (the check) has serious implications," Harold Unger said Monday during pretrial motions filed in U. S. District Court.

The government has admitted it recorded the names and addresses of senders and recipients of Kerner's mail. Unger called it a "clandestine intrusion into the private affairs of a sitting judge."

Kerner is currently on leave from the 7th U.S. Circuit Court of Appeals. He and four other persons are charged in connection with Illinois race-track stock dealings. Kerner and former state revenue director Theodore J. Isaacs allegedly reaped windfall profits from the stock transactions.

St. Louisan Shot

ST. LOUIS (AP) — John Carter, 48, of St. Louis, was shot to death early today during an argument on a city street, police said.

Police said they booked Ronald Davis, 31, on suspicion of murder.

Kirkwood Youth

Struck By Car

KIRKWOOD, Mo. (AP) — Steven Porter, 16, was fatally injured Monday afternoon when he rode his bicycle into the path of an auto, Kirkwood police said.

The youth was the son of Mr. and Mrs. Howard C. Porter Jr. He was a student at Kirkwood High School.

Police said Porter was riding downhill and was hit at the intersection of Sugar Creek Road and Adams Avenue.

Woman Stabbed

SPRINGFIELD, Mo. (AP) — A 48-year-old Springfield woman was stabbed to death Monday night and three persons were arrested in connection with the death.

Springfield police identified the victim as Mickey L. Moody. Police said she was stabbed with a butcher knife, which was recovered.

Sadat Facing Impatience

BEIRUT (AP) — A year ago President Anwar Sadat of Egypt eliminated his opposition from the Soviet-leaning left. In a speech Sunday he struck at right-wing elements critical of the country's dependence on the Russians.

But Sadat's essential problem remains. In less than a month it will be five years since Israel occupied Egypt's Sinai Desert and other Arab lands it captured in the six-day war. For all his maneuvering, Sadat, after 20 months in power, has not been able to break the impasse, and impatience with him is increasing in Egypt.

Egyptians in the last year have seen the Soviet Union play a major role in helping India defeat Pakistan and provide the North Vietnamese with the supplies needed to launch their current offensive against South Vietnam. They are asking why

their Russian ally cannot do the same for them against Israel.

Sadat sought to silence these critics in his speech Sunday and at the same time rebuke those who have expressed concern about the Soviet role in Egypt.

"We are friends on an equal footing," he said, adding that in any war with Israel he did not want "one Soviet soldier to fight. We are ready to fight our own battles."

He also said Egypt did not seek a confrontation between the Soviet Union and the United States in the Middle East.

Sadat told the People's Assembly, or parliament, that the Soviet leaders understood his position, made clear in four visits to Moscow in the past year, and is providing Egypt with massive economic and military support for a "battle with Israel that is inevitable."

The Arab-Israeli deadlock is increasing tension in Egyptian society—student strikes and industrial disturbances are an example—and how much longer Sadat can walk the tight rope is in doubt. But it is hard to see how Sadat or anyone else could do the job differently.

### Shows Place Setting

Newly installed chapter president, Mrs. Gary Lower, 2705 South Stewart, shows one of the decorative place settings used in the Founder's Day observance dinner of Beta Xi chapter of Epsilon Sigma Alpha sorority to state and international officers who attended the dinner Saturday evening

at the Old Missouri Homestead. Left to right are Mrs. Grace Edison, Lee's Summit, state treasurer; Miss Rose O'Shea, Kansas City, international director; and Mrs. Jean Phillips, Independence, a past ESA international president.

(Democrat-Capitol Photo)

## Beta Xi Notes Founder's Day

The second annual Founder's Day Banquet of Beta Xi chapter of Epsilon Sigma Alpha sorority was held Saturday evening at the Old Missouri Homestead.

Mrs. Grace Edison of Lee's Summit, treasurer for the ESA state council installed Mrs. Gary Lower as chapter president; Mrs. Ray Haley, vice-president; Mrs. Bill Wallace, secretary; Mrs. Willard Woolery, treasurer; Mrs. Kenneth Schilb Jr., parliamentarian; and Mrs. Dwayne Steele, educational director.

Mrs. Jeanne Phillips, Independence, past ESA international president, presented the first pearl award to Mrs. Woolery for her first year participation in activities.

Receiving Pallas Athene awards were Mrs.

Haley, first degree; Mrs. Lower, second degree; and Mrs. Robert Bohm, third degree.

Miss Rose O'Shea, ESA international director, presented Mrs. Bohm with a five year service award and Mrs. Bohm, outgoing local president, accepted the scrapbook from Mrs. Woolery.

Guests for the evening were Mr. and Mrs. Dennis Houk and Mr. and Mrs. Gaylen Alfrey.

ESA is an international women's organization devoted to a three fold program of educational, philanthropic and social endeavors and is beginning its 43rd year of service, it was reported.

## Social Calendar

### WEDNESDAY

Chapter BB-P.E.O. will meet at 1 p.m. with Mrs. K. U. Love at the Huholo Farm.

WCS of Pleasant Hill United Methodist Church will meet at 11 a.m. with Mrs. E. E. Barriek, Route 2.

Community Retired Teachers will meet at 10 a.m. at Farm and Home.

Sedalia Duplicate Bridge Club will meet at 1 p.m. at West Side Realty.

### THURSDAY

Business Women's Circle of Community Church will meet at 7:30 p.m. with Mrs. Arbie Chambers.

Bardoli Circle of First Methodist Church will meet at 1:15 p.m. with Mrs. Vernon Rodick, 1603 West 10th.

Circles of Broadway Presbyterian Church will meet as follows: Valdez Circle at 9:30 a.m. with Mrs. Ira Leiter, 637 East 16th; Chaffee Circle at 9 a.m. with Mrs. G. E. Merry, 1800 South Warren.

Circles of Wesley United Methodist Church will meet at 1:30 p.m. as follows: No. 3 with Mrs. Charles Walkup, 617 West Fifth; No. 4 with Mrs. George Lovercamp, 506 Dal-Whi-Mo; No. 5 with Mrs. Robert Daniels, 2207 South Kentucky; No. 6 with Mrs. Harry Bolch, 1211 South Ohio.

Groups of First Christian Church will meet at 1:30 p.m. as follows: No. 1 with Mrs. J. W. Watts, 1605 South Carr; No. 3 with Mrs. James Ellis, Route 2; No. 5 with Mrs. Ralph McCown, 2507 Plaza; Group No. 4 will meet at 1 p.m. with Mrs. C. F. Scotten, 1629 West 18th.

Houstonia Homemakers Extension Club will meet at 10:30 a.m. with Mrs. Gary Hawkins.

Mu Iota chapter of Beta Sigma Phi will meet at 7:30 p.m. with Mrs. John Leary, 2700 South Stewart.

## Guitar Singing, Cake Decorating To Be Featured

Music provided by Mrs. Patty McLaughlin, guitarist and vocalist, and cake decorating techniques by Mrs. Pat Lalla will be the features at the Thursday meeting of the Sedalia Christian and Professional Women's Council at 6:30 p.m. at Flat Creek Inn.

Speaker for the evening will be the Rev. Robert L. Shearer, a marriage counselor from Raytown, it was reported.

Reservations for the meeting which is open to any woman in the area should be made by calling Mrs. Walter Gordan, 826-6077.

# For Women

## Polly's Pointers

## Ideas Are Given For Toy Storage

By POLLY CRAMER

DEAR POLLY — S. W. who needs help with planning storage for her kid's toys could utilize the old diaper bags she has on hand by using them to hold small toys. They could be attached to the outside of the toy box like big pockets. Another space saver is to attach a big cloth pocket on the inside of a large toy box. A big, old purse or school satchel would also hold small things and just be tossed in the box. If shelves are to be made for such storage use, measure the heights of the items to be stored and space the shelves so they fit. This will save space as well as one's temper and the item can be removed without everything else falling out. A half shelf on one side would leave space for taller things on the other. — ALVA

DEAR POLLY — I am answering S.W. who is worried about shelf space and a toy container for her son's room. Old bookshelves can be used quite effectively to solve such a storage problem. These can be bought reasonably at secondhand stores, auctions, bargain shops, etc. She should buy those of a height that her son could easily reach. Paint them white or a preferred color to match the room's decor. Buy colored plastic dishpans in that desired color or colors that would fit between the shelves. Smaller toys could be stored in these pans and the larger things placed on the shelves. If her son cannot read, she could cut out and paste on magazine pictures of toys similar to those that go in each dishpan so he can tell at a glance which toys are where and also know where to return them. I do hope this helps S.W. — MRS. R. E.

### Polly's Problem

DEAR POLLY — One pair of my slacks always come home from the dry cleaners with a ruined elastic waistband. I have replaced this several times and wonder if anyone has a solution for such a problem. — MRS. D. M.

DEAR POLLY — My Pet Peeve is with the newspapers that have no regular spot reserved for features like Polly's Pointers, Dear Ann or Dear Abby and the television schedule. If that is impossible a listing on the index or front page would aid us in finding those columns we want to see first. — A NEBRASKA READER

DEAR POLLY — Fasten a long pipe cleaner on the underneath side of a turtleneck collar and find it will stand up better and will not wrinkle. — MRS. H. H.

(Newspaper Enterprise Assn.)

You will receive a dollar if Polly uses your favorite homemaking idea, Pet Peeve, Polly's Problem or solution to a problem. Write Polly in care of this newspaper.

Mrs. Glenna Griffin

Mrs. Bessie Demand

## Honor Retiring Teachers

Mrs. Glenna Griffin and Mrs. Bessie Demand, retiring teachers from the Smithton School system were honored at a tea given recently by the Smithton Community Teacher's Association.

Entertaining were the high school Madrigal Singers who performed "May You Always" and "Lara's Theme from Dr. Zhivago." They were directed by Mrs. Anne Zumsteg and accompanied by Miss Sally Sneed.

Mrs. Opal Johnson, elementary principal, presented a "This Is Your Life" program

for the teachers and their families shared in the event.

Mrs. Griffin was graduated from Central Missouri State College and taught a number of years in Ray County. She has been a first grade teacher in Smithton several years, it was announced.

Mrs. Demand, also a graduate of CMSC, has taught in Pettis County during her entire career, being at Smithton 18 years, it was reported.

Each of the retiring teachers were presented with a white carnation corsage, a set of costume jewelry and an engraved silver tray.

## Street and Highway

Ninety percent of driving decisions are based on sight. "I didn't see it" is a common explanation given by surviving drivers.

Once a year is not too often to have eyes and vision carefully examined.

## News Policies On Weddings, Engagements

Wedding pictures and stories should be turned in on the Thursday preceding the wedding, if possible. No wedding stories or pictures will be accepted more than two weeks after the event. Pictures of the bride only will be published.

Engagement pictures will be published on Sunday only and must be submitted by noon Thursday preceding.

In order to better serve readers with more timely news, the following policy will be followed:

Showers and receptions must be turned in within three days of the time they occur and will not be included in the wedding story.

Pictures may be picked up at The Democrat-Capitol office on the Monday following

publication, but none will be returned by mail unless accompanied by a stamped, self-addressed envelope. The Democrat will not be responsible for damage which might occur to pictures submitted for publication.

Forms for engagement announcements and weddings are available at The Democrat-Capitol office.

# DEATH NOTICES

## Mrs. Ada J. Bruns

KNOB NOSTER — Mrs. Ada J. Bruns, 70, Knob Noster, died Sunday at Johnson County Memorial Hospital, Warrensburg. She was born July 5, 1901 at Laurel, Iowa, daughter of the late George A. and Katherine Retter Reifschneider. She was married March 3, 1928, to Merwin J. Bruns at Lexington. He survives of the home. She was a member of the Concordia Methodist Church and a resident of Knob Noster since 1932. Also surviving are one sister, Mrs. Dora Moore, state of Washington, and several nieces and nephews. Funeral services will be held at 2 p.m. Wednesday at the Concordia Methodist Church with the Rev. Scott D. Hall officiating. Burial will be in Concordia Methodist Cemetery. The body is at the James Funeral Home, Concordia.

## Dr. Roy Brewington Waddell

SPRINGFIELD — Dr. Roy Brewington Waddell, 75, died Monday at Pontiac, Ark. He was an osteopath in Lebanon, Mo., from 1928-1932 and then moved to Montana, where he practiced from 1932 to 1948. He then practiced in Valiant, Okla., until 1970, when he retired. He was past president of the Montana Osteopathy Association, a member of the Baptist Church, American Legion, Masonic Lodge No. 172, AF & AM, Rotary Club, VFW, a former Elk's member and a veteran of World War I. Survivors include his wife, Winnie Hager Waddell, Springfield, a former Sedalian; a son, Dr. Kenneth Waddell, Springfield; a sister, Mrs. Hettie Long, Shellbina, Mo.; and two grandchildren. Funeral services will be held at the Chapel of the Ozarks Funeral Home, Springfield, at 11 a.m. Thursday with the Rev. Lloyd Gentry officiating. Graveside services will be held at 2:30 p.m. Thursday in the Memorial Park Cemetery, Sedalia.

## Board

(Continued from Page 1)

involved in the renting of the sets but would be responsible for backing the financial end of the contract, it was reported. Philco-Ford was the lowest of seven bidders and the company also has been granted a contract to supply sets for the Ramada Inn, according to reports Monday night. Jiedel said the board could expect installation of the sets to take about three months. In other action the board approved the expenditure of \$885 to purchase three new air conditioning units. The funds for the purchase had already been budgeted and all that was needed was the board's approval to make the purchase, it was explained. The board also approved a request of building committee chairman James Keck to install a floor to ceiling vinyl covering on the main floor hallway walls from the front desk to the elevators, approximately 100 running yards, at a cost of \$400. The coating would cut down on maintenance and has been used successfully in other parts of the hospital, he said. In the administrator's report Feeback told the board three former State Fair Community College trained licensed practical nurses would be returning from study at Lincoln University to take position as registered nurses on the Bothwell staff. He added that Mrs. Bill Hall, Mary Holman, and Nancy Kirby all made the honor roll at Lincoln. Feeback also told of the staff doctors' meeting to discuss the sketches of the hospital's proposed expansion and their approval of those plans as submitted. He said the architects now want to start on the preparation of more detailed plans and take core sample drillings at the hospital site.

# Routine Session For Councilmen

In an almost completely routine meeting Monday evening, the City Council rezoned two lots on the southeast corner of 16th and Quincy from residential to non-retail commercial.

The rezoning, requested by Dr. Robert Thompson and recommended by the Planning and Zoning Commission, met considerable opposition at the last council meeting but prompted no discussion Monday. With all councilmen present, only Lee Garrison of the Fourth Ward opposed the issue. Thompson, a dentist, plans to build an office building on the land.

In other action, the council voted to vacate four blocks of Lamine, from 28th to 32nd. Although dedicated as a public road, that portion of Lamine is not surfaced, it was reported.

The council heard bids on corrugated metal pipe and on crushed rock. On the pipe, Looney-Bloess Lumber Co. bid \$1,071.25; Furnell Lumber Co., \$859.80; P. B. Holloway for Armo Steel, \$998.60; and Hermann Lumber Co., \$1,071.40. The bids were turned over to the sewer and street committees for acceptance of the best or lowest bid.

The only bids on the seven different types of crushed rock were received from the Menefee and Howard Construction firms. Those bids were turned over to the Street and Alley Department for acceptance of the lower or best bid.

Also concerning streets, Robert Cunningham, city engineer, revealed in the pre-council session the city will soon seal-coat one block each of four different streets with a new type of quick-setting mixture. He indicated the projects will serve as a test for comparison with streets covered by the traditional seal-coat.

The council approved a petition request to allow contracting of private curb and

guttering on the north side of Ninth from Center to Porter. It was decided in the pre-council session the Street and Alley Department will in the future take care of alley entrances, when individuals contract curb and guttering projects. Cunningham revealed the policy would improve the appearance of the entire project and help keep dirt and gravel from being washed into the gutters.

Also in the pre-council meeting, city counselor Bob Fritz revealed the city won its case in Circuit Court Monday concerning condemnation of a portion of Boonville Road. Fritz later noted that a commission will now be appointed to assess the value of land the city will have to pay for. He indicated that unless the decision is appealed, the city should have no problem going ahead with plans for a new runway at the airport. Fritz also said that telephone and power lines will probably be relocated to go under the new runway.

Mayor Jerry Jones revealed the recent rate increase granted the Missouri Public Service Co., will bring about an increase in the cost of new street lights requested by the city. He indicated the old rates will remain in effect for lights already installed.

Plans for the special council meeting May 22 were also completed. The council will meet in open session at 8 p.m. to open airport bids and will hold a pre-council session at 7 p.m.

Street lights will be installed at 22nd and Moniteau, and on Grand at 28th, 29th, 30th and 31st. Also, an ordinance for the installation of a fire hydrant at Stewart and Henry will be drawn. A request for a hydrant on Meadow Ridge near the new Ramada Inn will be further investigated, it was learned.

Clarence Farrens was hired as a police officer.

Jones reminded councilmen in the pre-council session of the Missouri Municipal League meeting Thursday at the Holiday Inn.

Also, Jones reported in the regular meeting that after 11 months of the current fiscal year, the city is \$1,300 under the budget. He thanked councilmen and department heads for their help in working on the new budget and for adhering to the 1972 plan.

The council renewed a packaged liquor license for William R. Deuel at 2709 South Limit and granted a new liquor-by-the-drink license to Sam Morton for Ramada Inn.

The council met in closed session for about 15 minutes. They reportedly discussed current litigation concerning Cablevision, Inc.

## Firemen Busy Answering Calls

Sedalia firemen were kept busy answering calls Sunday and Monday.

On Sunday they were called to Larry's Apo Station, 14th and Limit, to extinguish a blaze caused when a trash container in the rear of that business caught on fire.

At 10:45 p.m. Sunday firemen were summoned to a vacant house at 656 East Fifth, where, according to reports, an apparent arson attempt was made. Fire department reports state someone apparently raised a window at the house and ignited the curtains. Damage was listed as slight.

Mrs. Alma Miesner, 1118 East Fifth, summoned firemen to investigate smoke accumulating in the house at that address at 5:09 p.m. Monday. According to reports, firemen were unable to locate the source of the smoke and it subsided.

The Robert Thompson residence, 2501 Wing, suffered an estimated \$500 damage as a result of fire starting from a pan of grease on the stove. The fire, reported at 4:26 p.m. Monday, was out upon the arrival of firemen.

At 4:51 Monday firemen were called to the 1100 block of West Main to extinguish a fire along the railroad right-of-way, believed caused by a passing train.

## Accident Victims Are Said Improved

The conditions of two area residents involved in accidents Friday improved over the weekend, according to a Bothwell Hospital spokesman.

James Uptergrove, 18, Fortuna, was the driver of a 1964 Ford involved in a fatal accident about 4 p.m. Friday which claimed the life of Gary Lee Theiss, Clarksburg. Uptergrove suffered chest and possible head injuries. He was reported in "very satisfactory" condition Monday.

Dreg Wagenknecht, 3, one of seven persons admitted to Bothwell Hospital after a chain-reaction type accident Friday afternoon near LaMonte was also reported "improved" and in "very satisfactory" condition Monday. He was reported in serious condition Friday night with possible head injuries. The other six persons involved in that incident suffered injuries of a less serious nature.

## Sedalia Waterworks Open House Sunday

Rep. William J. Randall and Mayor Jerry Jones will cut the ribbon at an open house Sunday at the Sedalia waterworks, marking the completion of a \$2 million improvement begun in 1961.

Herb Taylor, manager of the Sedalia Water Department, said the open house will be held from 2 to 4 p.m. at the waterworks, located on South Ingram at Covered Bridge Park.

Water department personnel will conduct guided tours of the facility, Taylor said. Refreshments also will be served, and favors distributed to children and adults.

# DAILY RECORD

## BOTHWELL HOSPITAL

### Admissions

Mrs. Mildred Stodgell, 901 South Sneed

### Dismissals

Mrs. Hattie M. Bentley, 218 West 24th; Mrs. J. L. DeHaven, Smithton; James A. Kindel, Warsaw; Mrs. Nellie Yunker, 2902 Skyline Drive; Mrs. William L. Wheeler, Sr., Hughesville; Mrs. Richard A. Smith, Route 2; Baby Tammy J. Waltemeyer, 611½ West Fourth; Mrs. Earl A. Holl, 1609 South Carr; John F. Ridenour, 310 West Seventh; Mrs. Gary R. Clayton, Cole Camp; Mrs. David Berchold, 1617 South Barrett; Mrs. Lillian R. Barrick, 1500 West Broadway; Mrs. Ronald C. Welch and son, Route 2; Miss Pamela M. Henderson, Warsaw; Miss Rhonda Christine Henderson, Warsaw; Miss Nancy Mitchener, Prairie Village, Kan.

## Psychiatric Examination Is Requested

A request for a psychiatric examination was made Monday in Pettis County Circuit Court by Leonard Rosenhan, 25, 1620 South Brown, who is charged with second degree burglary.

The charge stems from an alleged shooting spree which took place earlier this month at the Kenneth Elliott residence, 642 East 15th.

Rosenhan is being held in Pettis County jail in lieu of \$3,000 bond.

Tuesday in Circuit Court Jack Cooper, 23, 1206 East Broadway, had his trial continued to May 31 by Judge Frank E. Meyer.

Cooper is charged with molesting a minor in connection with a May 6, 1971, incident during which Cooper and Ralph Toliver, 19, 223 East Saline, were accused of allegedly molesting a nine-year-old girl.

Toliver entered a plea of guilty to that charge in early February, based on the reason of mental disease or defect excluding responsibility, and was placed in the custody of the Division of Mental Diseases at Fulton.

# Airport Wins Decision On Road Relocation Plan

The long drawn-out legal battle which has been blocking the Sedalia Municipal Airport's expansion was settled Monday in favor of Sedalia when Judge Frank E. Meyer ruled in Circuit Court the city could condemn and appropriate a section of Boonville Road.

About 30 landowners along Boonville Road had objected to the city's proposed relocation of a section of the road to accommodate the airport expansion. According to the expansion plans, a new runway will stretch across Boonville Road.

Judge Meyer gave his verdict after nearly three hours of testimony, interrupted by two recesses. Witnesses on behalf of the city were Mayor Jerry Jones, City Clerk Ralph Dedrick, James Anderson, principal

## Thefts Reported To Police Monday

Police received two reports of theft Monday.

Sharon Billingsley, 604 South Washington, told police someone had taken her purse from her locked car while it was parked at 625 West Benton between 12:50 and 4:56 p.m.

Taken from the car was the purse, which contained \$50 in cash, and the personal papers of the woman. Police reports indicate entry was gained by prying open the left wing window of the car.

Stanley Garner, son of William Garner, 2252 West First Street Terrace, reported the theft of a pair of gym socks and tennis shoes from his locker at Smith-Cotton High School sometime between 8 a.m. and 5 p.m. Monday. The items were valued at \$17.

### Police Court

The following persons were charged with speeding: Samuel E. Soles, Windsor, fined \$20; Beulah M. Kreoski, Route 2, forfeited \$15; William K. Cooper, 2501 Southwest Blvd., continued.

Delbert L. Arnold, 1216 West 10th, running a stop sign, forfeited \$10.

Donald E. Paxton, 418 North Hurley, disorderly conduct, fined \$25.

Price J. Alexander, 400 West Cooper, running a red light, failed to appear.

The following persons were charged with destruction of property: Gary A. Young, 1640 South Carr, fined \$25; Arthur Huff, Route 3, fined \$25.

## Preliminary Is Waived By Man

Jackie Louis Holtcamp, 18, 622 East 10th, waived his preliminary hearing Tuesday in Pettis County Magistrate Court Tuesday morning and was bound over to the September term of Circuit Court by Judge Frank Armstrong.

Holtcamp is presently in Pettis County jail in lieu of \$2,000 bond. He is charged with second degree burglary in connection with an April 29 incident involving an early morning break-in at Smith-Cotton High School.

## Water District Meeting Scheduled

A second meeting to firm up plans for a water district to serve rural areas east of Sedalia will be held at 7:30 p.m. Thursday at the Maplewood Church, Monsees Lake Estates.

The special water district being contemplated would extend 3 miles either side of Highway 50, from the east Sedalia city limit to Smithton.

## Shooting Reported

FULTON, Mo. (AP) — The Missouri Highway Patrol said an unidentified man was shot and wounded and dumped from his car along Interstate 70 by a hitchhiker the driver befriended early today.

The wounded man, the patrol said, was found alongside the highway in the Wentzville area.

engineer with Wright and Associates Inc., Springfield, who serves as airport engineering consultant; and Bill Burkholder, chairman of the Airport Board.

Ralph Hall, Route 2, was the sole witness for the landowners, who were represented by attorney William F. Brown.

Intervenors in the case were the Central Missouri Electrical Co-Op Inc., represented by attorney John T. Martin, and the 12-Mile Special Road District, represented by attorney James Durlay.

Robert Wessner served as co-counsel for the city along with city counselor J. R. Fritz.

Anderson testified that the wind information gathered from the airport indicated that a north-south orientation is best suited for the expanded runway in place of the existing northeast-southwest runway. He said the Federal Aviation Administration would not participate in the proposed expansion if the runway was not laid out north to south. Such a lay-out would involve Boonville Road, he said.

On behalf of landowners, Hall said that condemning Boonville Road would create additional distance between area residents and the city of Sedalia since they will have to drive east toward Smithton, then get on to Highway 50 before going to Sedalia. He said Boonville Road has considerable traffic, noting that at one time he counted 185 cars using the road between 8 a.m. and 5 p.m.

Mayor Jerry Jones pointed that the city has agreed to build a road connecting Boonville Road to Griessen Road, which is north of Boonville Road. He said that would enable area residents to have a road link with the city.

The \$790,000 airport bond issue was passed in 1968.

Ann Landers

# Human Bite Can Be Quite Dangerous

Dear Ann Landers: My 19-year-old son is going with a girl 20. They spend almost every evening together — often at our house. She comes here after work and has dinner and then she and Steve watch TV or wrestle. The wrestling is all in good fun — or at least I THOUGHT it was fun until I noticed that sometimes they really hurt each other.

Several weeks ago the girl bit Steve so hard it broke the skin. He had her teethmarks on his neck for several days. Last night Steve bit her in the fleshy part of her upper arm. She screamed so loud they must have heard her in Buffalo. It bled quite a lot.

I once heard that a human bite can be dangerous. Yes or no? — A Canadian Reader.

Dear Reader: A human bite can be very dangerous. The mouth is full of bacteria and complications can result if the victim doesn't have enough resistance to fight off infection. I hope these two gladiators have had tetanus shots.

Dear Ann Landers: I didn't care for your answer to "Hopping Mad In Modesto" — the woman whose husband was a great dancer and got mobbed at parties by wives whose husbands had hernias, prostate trouble or would rather sit and drink. You seemed to think the

wife should keep her mouth shut and sit it out.

It so happens that my husband is a wonderful dancer, so I've been around that track plenty. When I was young and foolish I used to have my hair fixed and get decked out in my best bib and tucker — only to end up sitting by my lonesome while Twinkle-Toes was pulled and hauled every which way. (Women even cut in on us!) I got to thinking maybe it was up to me to tell these brassy bimbos to leave my husband alone. Then I decided no — it was up to HIM. Finally I informed him that unless he could figure out some way to say "no" I would not accompany him anywhere where there might be dancing. He solved the problem with a simple phrase, "Sorry. I promised this dance to my wife."

I hope you will print my letter since it makes better sense than your mealy-mouthed, submissive approach which reflects your well-known philosophy of a long leash for husbands — New England Nell

Dear Nellie: Your solution is much better than mine and I heartily endorse it. Thanks for improving on my answer.

Dear Ann Landers: I can tell you lead a pretty soft life from the kookie answer you gave the man whose wife goes next door

to visit neighbors a couple of times a week. Your concern seemed to be for the little woman and her loneliness—not a word about the hard-working husband who collapses after supper, too pooped to do anything but watch TV. Your dumb suggestion that maybe the wife ought to invite people in was the living end. If a guy is too tired to talk to his wife, why should he be bothered with company?

It's plain you don't work much with the public. You have no idea how many stubborn, ill-tempered, unreasonable people there are in this world. Wake up or get a new job. — O City

Dear O: I don't work with the public? Would you believe a thousand letters a day. The wife who wrote to me had a very anemic marriage and I stand by my advice to transfuse it.

Can drugs be a friend in time of stress? If you keep your head together can they be of help? Ann Landers' new booklet, "Straight Dope on Drugs" separates the fact from the fiction. Get it today. For each booklet ordered send a dollar bill, plus a long, self-addressed, stamped envelope, with 16 cents postage to Ann Landers, Box 3346, Chicago, Illinois, 60654.

Lawrence Lamb, M.D.

# Sac of Heart Can Be Hurt

Dear Dr. Lamb — What is pericarditis? What germ is it caused by? What are the possible results if a person had this disease and was allergic to the germ, staph or whatever and had no treatment except for tranquilizers? Could a heart specialist possibly make a misdiagnosis of this type of disease? Could the end result be angina? How do you learn to live with angina at 37? I am now taking medicine (nitro) and must know all the answers if you can tell me.

Dear Reader — The pericardium is the sac that surrounds the heart. The sac itself looks like a large plastic bag. It is really a double-layered sac with one layer of what looks like clear plastic lying directly on the surface of the heart and then extending outward to form the large external bag to encase the whole heart. When the layer that covers the surface of the heart and the underlying heart muscle itself is inflamed, we call it pericarditis.

Inflammation of the sac around the heart can be caused by many things. An individual with pneumonia can have an extension of the infection to involve the sac around the heart. It can also be caused by chemical reactions. Advanced uremia can cause chemical irritation of the pericardium and uremic pericarditis. It can also be caused by an extension of cancer and it can follow a myocardial infarction (heart attack).

If you read my column often, you will know that I have previously explained that the ending "itis" used in medicine means inflammation and all the word pericarditis means is inflammation of the pericardium, just like appendicitis means inflammation of the appendix. The problem can be caused by a wide variety of germs, including tuberculosis.

Many cases of pericarditis are caused by virus infections and are called viral pericarditis. This is probably the most common form. Like most other virus diseases, there are not many things you can do to treat the problem except provide medicine to give symptomatic relief to the patient at the time. This might well include aspirin to control fever, medicines for relief of pain and tranquilizers.

Occasionally a person does have recurrent chest pains after such an episode, because the arteries to the heart muscle pass directly underneath the sac that is attached to the surface of the heart and scarring and fibrosis from pericarditis can put pressure on the arteries and diminish the blood flow to the heart muscle. This can result in angina or chest pain associated with insufficient blood supply to the heart muscle.

Yes, it is often difficult to separate pericarditis from a heart attack and even the best heart specialists in the world

can't tell the difference in some cases. Sometimes it is necessary to follow the patient for a period of time to be certain what has occurred. I might also add that some people have chest pain afterward because they are still having repeated episodes of their pericarditis. (Newspaper Enterprise Assn.)

## Recognition Meeting For Randall Set

Plans are almost completed for a recognition dinner honoring Rep. William J. Randall at 5:30 p.m. June 17, on the Marion Ross farm east of Holden.

Planned as a fund raising affair to honor the Fourth District Representative, the event will feature a speaker from Washington, D.C., music and a fried chicken dinner.

Anyone wishing to attend the gathering should contact Robert Sevier, Houstonia, or James Reed, 1009 South Osage.

## FALSE TEETH That Loosen Need Not Embarrass

Don't keep worrying about your false teeth dropping at the wrong time. A denture adhesive can help. FASTEETH® gives dentures a longer, firmer, steadier hold. Makes eating more enjoyable. For more security and comfort, use FASTEETH Denture Adhesive Powder. Dentures that fit are essential to health. See your dentist regularly.

## Telephone Use Topic At Meeting

New innovations in telephone communication now in use in some areas of the country was the subject of a program presented to members of the Rotary Club at noon Monday by Robert W. Eidson, supervising wire chief of the local office of Southwestern Bell Telephone Co. The meeting is at Hotel Bothwell.

With a slide presentation, Eidson described a computerized touch-tone telephone that may be programmed to not only handle normal telephone conversations, but to also perform other services — such as leaving word at what number you may be reached if you are away from your home, to turn off the oven, lock the doors, and turn on, or off, electric lights.

Eidson estimated that by 1980, more than one million patrons will be served by the picture telephone. Thousands of the instruments are in service in test cities now. Picture telephones may also be used by businessmen to receive maps,

charts, contract documents and images of printed matter which may be pertinent to their business operations. New solid state relays in use in some cities now will soon speed up all long distance service. It now takes approximately 10 seconds for a call to be processed through mechanical relays, he stated.

The program was arranged and introduced by Richard Lehmer, May program chairman.

Don Barnes, club president, announced the club's project fund realized a net income of \$1,477.60 from its 1971-72 travelogue sponsorship. Expenditures from the fund for worthwhile community projects during the current Rotary year which began July 1, 1971, have amounted to \$1,508.75. The financial report of the fund was prepared by Arthur Hoffman, who has been the fund treasurer for the past 22 years. A balance of \$1,382.06 remains in the fund.

The president announced the next meeting of the club will be held at 6:30 o'clock Thursday.

May 25, at the Walnut Hills Country Club. The club will be host to members of a British study group who are visiting this Rotary District under district sponsorship. More than 120 members, their wives and guests have indicated they will be present for the dinner meeting.

Jim Edwards led in group singing and recognized Merrill Strombom and Firmin Boul for birthdays during this week. The invocation was given by Kirk McCrary.

## Committee Action Is Criticized

(Democrat-Capital Service)

WASHINGTON — Rep. William J. Randall, D-Mo., expressed disappointment recently at the action of the House Government Operations Committee in reporting a Reorganization Bill providing for the creation of a new cabinet post known as the Department of Community Development.

Randall based his disappointment on the planned separation of the Farmers Home Administration and Rural Electrification Administration from the Department of Agriculture to be placed under the "canopy of a huge new department known as the Department of Community Development."

Saying he sees no reason why the present organization should be changed, Randall has differed with proponents of the reorganization plan who have pointed out that the new department will have a separate administrator for rural development. Randall claims this to be a concession, explaining that a great deal of the new program will concern itself with urban rather than rural problems.

## County VFW Wins Place

Pettis County Post 2591, Veterans of Foreign Wars, won a place on the "All State Team" of Missouri VFW posts in competition held Saturday in Jefferson City.

The "All State Team" consists of the top ten posts of the more than 270 units in Missouri. Selection was based on membership, community services, veterans aid, Americanism and other related projects.

Post Commander Clifford H. Wells will receive a special cap and citation at the Missouri Convention in Kansas City in June for recognition to the local post for its efforts during the year.

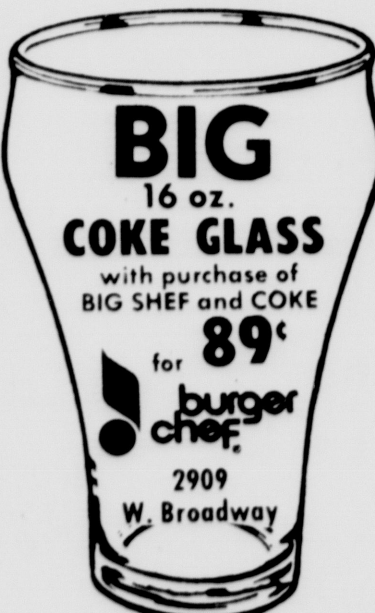

Clifford Wells currently ranks seventh in membership in Missouri.

## Draft Dodgers End Their Fast

SPRINGFIELD, Mo. (AP) — Eight draft dodgers have resumed eating after six days of fasting at the U. S. Medical Center in protest against the blockade of North Vietnam.

Dr. P. J. Ciccone, hospital superintendent, said each man was locked in an individual room and was offered a tray of food three times a day. The men took only liquids.

## Voter Registration Needed For County

County-wide voter registration will be a reality here if two civic-minded organizations have their way.

The Sedalia-Pettis County League of Women Voters is spearheading the effort to get such a proposal on the November ballot. Assisting are the Sedalia Jaycees and both political parties.

Registration of all voters, both rural and urban, in Missouri is long overdue. Perennial bills to get this enacted by the General Assembly have all failed. Thus the local initiative.

The same reasoning behind registering city voters holds true for their country cousins: the need to verify each person's right to vote and eliminate the chance for fraud.

Currently 52 Missouri counties require registration of all voters, city and rural alike. This includes Henry, Johnson and Saline Counties in the Sedalia area.

There is no reason that Pettis County, with its considerably larger population, shouldn't do the same.

At one time the need for county registration was not so great. Farm families were fairly permanent,

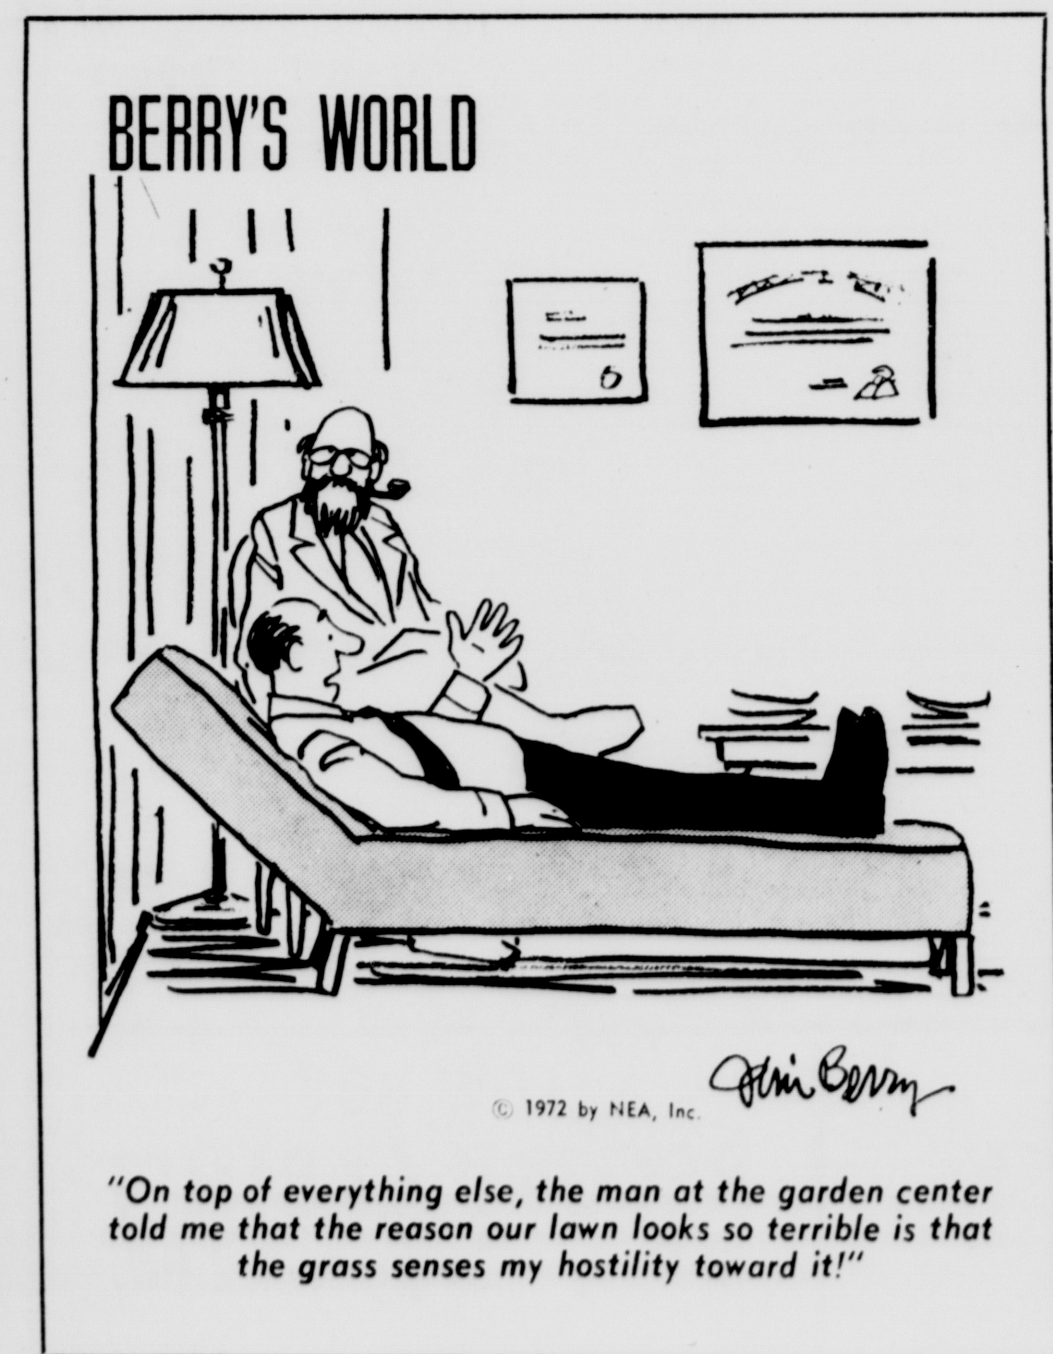

stable, and well-known in their communities and by election officials.

Lately, however, there has been a surge in residential development outside the city, creating a segment of our rural population that does not meet these specifications, and tends to be much more mobile. When these people go to vote, they may well be strangers to election officials.

Tuesday's school levy election is a case in point. School district patrons who live in the county may vote at any polling place in the city. This means one person conceivably could vote more than once and run a slim chance of being detected. As well, someone completely outside the district could cast a ballot.

We would expect and assume that all is on the up and up. But the point is that without registration of county voters, there is no way to be sure.

A total of 2,155 signatures are required to get county registration on the November ballot. Since the reasons for it are so compelling, we would expect to see many more signatures than the minimum amount on the petitions.

## A Conservative View

# Heavy Doses of Hokum in Wallace's Rhetoric

By JAMES J. KILPATRICK

CADILLAC, Mich. — There is so much that is right in the George Wallace campaign — so much that needs to be said, so much that strikes unerringly home — that one gropes for balance in commenting upon the vast deal that is wrong. The governor of Alabama is full of truth; and he is full of humbuggery also.

The combination has a strong appeal. This year's campaign has produced its full share of surprises — the fall of Edmund Muskie, the rise of George McGovern — but nothing in this presidential race touches the astonishing phenomenon of the Wallace vote. If the governor leads the field to

Kilpatrick

day in Michigan and Maryland, he will have racked up a record no other candidate approaches: six wins, four seconds, and two third-place finishes. In terms of popular vote, as distinguished from delegates, Wallace is Number One.

Those of us whose trade is to thump the body politic, listening to its wheezy respiration, have diagnosed the Wallace campaign as largely a manifestation of massive protest. We have sought to keep his total vote in perspective by remarking that much of it, especially in Florida and Wisconsin, has come from cross-over Republicans. We continue to insist that Wallace has no realistic prospect whatever of actually winning the Democratic nomination at Miami. All well and good.

Yet much remains to be said. Wallace spoke to a packed house in the high school gym here in Cadillac the other night. It was his third such rally that day.

He delivered essentially the same speech — same jokes, same gestures, same mix of truth and hokum — he had given earlier at Marquette and Escanaba. It was the same speech he has delivered to overflow crowds from St. Petersburg to Detroit. He rambles, he digresses, he teases; he races along in a torrent of sentences that start in one direction and change off in another. He does not exactly move his listeners; he stampedes them. He seldom waits on his own applause.

Here in Cadillac, he began with the busing issue, moved on to taxes, denounced the welfare loafers, turned to law and order, heaped scorn on federal judges, and spread-eagled the high cost of bureaucracy. Then he went around the track again, drawing three-star applause with a crack at American newspapers, and wound up with a plea to "send 'em a message." It was old-fashioned Southern oratory, the sawdust

stuff of tent evangelists; viewed critically, as an art form, it was high-class entertainment.

But, again, it was half truth, half baloney. Wallace's facts are like raisins, buried in a yeasty dough of hyperbole. Thus it is true (it is at least arguable) that some of the busing edicts of Federal Judge Stephen J. Roth has usurped legislative prerogatives; but it is mere crowd-pleasing to say that Roth delivered his latest ruling "just because he didn't feel good in the morning." It is true that the Department of Health, Education and Welfare has 106,000 employees; it is hokum to charge that half of them are "checking on your schools."

This virus of exaggeration infects most of the healthy points that Wallace makes. It is true that newspapers err; it is not true that "you can't believe half of what you read in 'em." It is true that the federal bureaucracy is overblown; it is false to say

that "hundreds of thousands" of bureaucrats are earning \$25,000 to \$40,000 a year. Academicians and social planners are fair game in a political chase, but to paint them as "pointy-headed dreamers who can't park their bicycles straight" is to engage in — what? It is to engage in debate at a level not expected of a man who would be President of the United States.

Wallace is defensive on this score. "What's wrong," he asks aloud, "with telling the people what they want to hear?" Up to a point, nothing is wrong. But there comes a point — it is the point that divides statesmen from demagogues — when the people must be told things they don't want to hear; and this George Wallace will not do. His enraptured followers love him, they say, "because he tells it like it is." They ought to know, alas, that he often tells it like it isn't.

c. 1972, Washington Star Syndicate, Inc.

"It Starts with the First Step!"

## Merry-Go-Round

By JACK ANDERSON

WASHINGTON — The FBI is conducting systematic surveillance of black leaders, who are guilty of nothing more serious than excessive political rhetoric.

Millions of dollars have been invested in the FBI's investigation of "racial matters." But our study of the secret files indicates that the investigation has been heavily one-sided. Only the most extreme white racists have come under FBI scrutiny, but almost every prominent black leader in the country has an FBI dossier in his name. Even congressmen and Nixon-Agnew supporters, if they're black, are regarded with suspicion by the FBI.

The list of black "subversives" includes such apostles of non-violence as the late Rev. Martin Luther King Jr., his wife, Coretta Scott King; the Rev. Ralph David Abernathy; Jesse Jackson, the handsome young "country preacher" who recently started a self-help group in Chicago; Roy Wilkins, executive director of the National Association for the Advancement of Colored People (NAACP); and Bayard Rustin, director of the A. Philip Randolph Institute.

The FBI has even zeroed in on President Nixon's most articulate black supporter, former CORE director Floyd McKissick Jr., whose political activities have been chronicled by the FBI in a fat file.

Now director of the new town of "Soul City," N.C., McKissick made headlines when he lambasted the Democratic party for failing to deliver "on its promises." The Nixon administration, he said, has offered more than "just the rhetoric."

Like many a white politician, McKissick has jumped the political fence. For two years earlier, he had called Nixon "one of the nation's leading proponents of 'Law and Order' — Fascist Style." McKissick's words were duly deposited in his bulging FBI dossier.

Another entry, dated Jan. 13, 1970, is stamped "Secret — No Foreign Dissemination." One of the deep, dark secrets noted by FBI agent Thomas L. Beckwith was that McKissick "has made several speeches, throughout the U.S. during 1969 wherein he advocated black capitalism."

But far more grievous, McKissick, "in one speech stated the Black Panther Party should be supported."

FBI agents were also listening when

McKissick at a black bash in Brooklyn commented unfavorably on the fact that this affair was held in a church, since churches are among groups infiltrated by the FBI and Central Intelligence Agency which hold the blacks down."

The federal sleuths have also been poking their noses into McKissick's financial affairs. States one entry:

"Floyd McKissick, it was learned, had recently received Check Number 2666 made out in his name and drawn against the account of the Louis M. Rabinowitz Foundation, Incorporated, in the amount of \$2,500. This check was subsequently deposited to McKissick's account in the Freedom National Bank, Harlem, New York."

A footnote warned that "the above information is not to be made public without the issuance of a subpoena duces tecum, directed to Mr. Henry P. Skelton, Vice-President, Manufacturers Hanover Trust Company, 40 East 42nd Street, New York, New York." My associate Joseph Spear attempted in vain to get a comment from bank officials.

\*\*\*

The FBI has also been prying into Coretta Scott King's finances. When a documentary film about her late husband was appearing around the country, the top cops were busy counting receipts.

The movie's first run, says a confidential memo dated Aug. 5, 1970, "resulted in receipts in excess of \$2,000,000. By arrangements made prior to March 24, 1970, by Coretta Scott King and officials of the SCLC, the receipts for this movie were to be divided equally between King and the SCLC."

The finances of Roy Innis, successor to Floyd McKissick as chairman of CORE, have been meticulously catalogued, too. And Innis's file notes ominously that he has "attended marches to protest against the war in Vietnam."

Ralph David Abernathy, successor to the martyred Dr. King, rates a file that would choke a hippopotamus. The FBI's investigators seem most intrigued over his troubles with his colleagues.

An FBI informant reported on March 6, 1970, for example, that one colleague, Hosea Williams, "remarked to some associates he was rather concerned as to the cool and noticeably distant attitude recently displayed by ... Abernathy."

Black artists, entertainers and sports figures, who speak up for their race, are also suspect. One of the thickest FBI files is devoted to former heavyweight boxing champion Muhammad Ali. Actor-singer Harry Belafonte and author James Baldwin are kept under surveillance, too.

The file on black comedian Dick Gregory could be measured by the pound. Author-actor-playwright Ossie Davis and his wife have been investigated numerous times. Singer Eartha Kitt is quoted as being opposed to statehood for Puerto Rico.

Blacks don't necessarily have to be nationally known to get FBI attention. It takes time, however, to get around to them all.

When the federal sleuths finally interviewed Absalom Frederick Jordan, a local Black United Front member in Washington, D.C., the local black leader registered a complaint.

"Jordan stated he was somewhat hurt," states the confidential report, "that the Federal Bureau of Investigation has not interviewed him. He remarked that practically (sic) all of his friends in the BUF had been contacted and he could not understand why he had not been interviewed."

## WORLD ALMANAC FACTS

"Shooting stars" are actually meteoroids which vaporize by the heat of friction when they pass through the earth's atmosphere and are seen as meteors. The World Almanac says. While most of them are consumed, a few fall to earth as fused metal or stone and are called meteorites. Meteoroids are thought to be fragments from comets or the asteroid belt.

Art Buchwald

## Yep, You Heard It Ralph

WASHINGTON — "I can't believe I heard the WHOLE thing!"

"You heard it, Ralph."

"Ralph, take an Alka Seltzer and go to bed."

"Did he really say he was going to mine the Haiphong Harbor and bomb all the railroads around Hanoi?"

"He said it, Ralph. Now go to sleep."

"Did he really say it's up to the Soviet Union to get us out of the war?"

"I heard him, Ralph. That's what he said. He said we were more than generous with our peace offer, and all the other side did was commit naked aggression."

"Naked aggression? Oh, my stomach is killing me."

"I told you to take an Alka Seltzer and go to bed."

"I've taken four Alka Seltzers, it doesn't help. I can't believe I heard the WHOLE thing."

"Ralph, maybe it's not that bad. Maybe the mines that were dropped around Haiphong were made by the same people who put out the GM and Ford cars that had to be recalled. Maybe the mines will have to be recalled, too."

"You're just trying to cheer me up. I knew he'd do something stupid if he saw 'Patton' more than four times."

"Ralph! That's no way to talk about the President of the United States! He has asked for our support in this great hour of crisis."

"I've been supporting him. Don't you remember that I hung out the American flag during his invasion of Cambodia? That didn't do any good."

"But Ralph, he had to do it, or no President of the United States would be able to travel around the globe with respect any more."

"Suppose there is no globe to travel around?"

"Ralph, the President knows what he's doing. He's being advised by the Pentagon, and they haven't been wrong on the war so far. Turn out the lights."

"Maybe we should order blackout curtains?"

"Ralph, you're overreacting. The President has the situation under control. Henry Kissinger wouldn't let him do it if it weren't safe."

"I think I'll write a letter to my senator."

"It doesn't do any good, Ralph. Nixon doesn't ask the Senate what he should do when the honor of the United States is at stake."

"Who does he ask?"

"Billy Graham and Bob Hope."

"I can't believe I heard the WHOLE thing."

"Ralph, you heard it. I saw you hearing it. Take another Alka Seltzer and try to dream that Johnson is still President."

"Suppose it doesn't work? Suppose the North Vietnamese succeed in their offensive? What will he do then?"

"He's got a secret plan, Ralph. That's why he's President. If this doesn't work, the Joint Chiefs of Staff will present him with a whole new set of options, and you know what they'll say to the President?"

"What?"

"They'll say, 'Try it. You'll like it.'"

c. 1972, Los Angeles Times

## 25 Years Ago

Miss Elizabeth McLaughlin, daughter of Mr. and Mrs. E. H. McLaughlin, 1301 West Third street, has returned from China, where she has been a Red Cross representative for more than a year, stationed at the Marine Hospital, in Tientsin, China.

## 40 Years Ago

Remember the great European Zoological Association and Circus will arrive in the city this morning. We advise our readers to look well to their doors and window fastenings tonight, for past experience has proven that burglars always flock to a town where there is a circus exhibition.

By Oswald & James Jacoby

Sometimes declarer doesn't know which opponent holds the gun. In that case he has to guess. The better players tend to make the right guess a surprisingly large percentage of the time.

If you haven't looked at the East-West cards as yet, cover them up and decide how to play the three no-trump contract. East plays the king of spades at trick one and it is up to you to decide whether to duck or win that first spade trick. If you duck, spades will be continued and you will have to take the third lead.

In either event you will have to knock out the ace of clubs. Now look at the East-

West hands. West holds the club ace and if you win the first spade the birds will sing for you and you will make at least three no-trump. If you held up, the birds may still sing but they will sing: "Down one, down one."

When this hand was played in a team match some 40 years ago the late Raymond Balfe took the first spade. The other South player ducked and the swing decided the match.

Was Raymond's guess pure luck? No, it wasn't! Raymond decided that West might well have led a short suit unless he had a quick entry for his own suit and the only quick re-entry held by either East or West was the ace of clubs. Hence the odds were that West held that key card.

Patek Caught in Rundown

Texas Rangers' Dave Nelson (1) makes a throw to second in an effort to get Richie Scheinblum for a double play against the Kansas City Royals in the third inning of Monday night's game in Kansas City. Royals' Fred Patek, left, was caught in a rundown between

second and third, but delayed his being tagged out long enough for Scheinblum to make it to second safely. Kansas City chased home a run in the eighth inning to capture a 5-4 decision over the Rangers.

(UPI)

Nip Rangers, 5-4

Piniella Sparks Royals

KANSAS CITY (AP) — Lou Piniella of the Kansas City Royals isn't too surprised that he's leading the American League batting parade.

Piniella picked up two hits in the Royals' 5-4 victory Monday night over the Texas Rangers to run his total to 31.

The husky left fielder said after the game he attributes his success so far in this young campaign to "working on my hitting six weeks in South America during the winter."

"I've never done that before. I feel good. I've got confidence. I got off to a good start in spring practice, and it has carried over into the regular season."

"If I have good swings, I'll take my chances. I don't see any reason why I shouldn't keep going if I don't get hurt."

Piniella has been injured each of the last two seasons but managed to hit .301 in 1970. He was out six weeks with a broken bone in his right hand last

season and missed a month in 1970 with torn ligaments in an ankle.

Piniella started the Royals on their way to victory over the Rangers with a one-out single off reliever Horacio Pina, 0-1, third Texas pitcher, in the eighth inning. Cookie Rojas followed with a long double into center field that scored Piniella with the clincher.

The Rangers had tied the score in the eighth when Dave Nelson walked, stole second, went to third on Don Mincher's grounder and raced home on Dick Billings' sacrifice fly.

The Royals jumped on Pete Broberg, who hadn't given up an earned run in 18 1-3 consecutive innings, for a tally in the second. Ed Kirkpatrick walked with two out and went to second on a wild pitch. John Mayberry got the first hit off Broberg, a single that scored Kirkpatrick.

Kansas City bunched five singles by Piniella, Rojas, Paul

Schaal, pitcher Mike Hedlund and Fred Patek for three more runs in the fourth.

Hedlund had a one-hitter going into the fifth when Larry Bittner doubled to right with one out and scored the Rangers' first run on Toby Harrah's single. Texas added two more in the sixth on a walk, Nelson's single, Billings' sacrifice fly and an error.

Tom Burgmeier, 3-1, got the victory in relief.

Sedalia East, New Hope Win First Games

New Hope and East Sedalia Baptist softball teams opened the Harmony softball League season Monday night with victories, while Emmett Ave. and Bethany played to an 8-8 standoff.

John Houston and Bob Cummings picked up the pitching decision for New Hope and East respectively. New Hope whipped Maplewood, 15-4; East topped Open Bible, 6-3. John Calvert and Phil Newell were the respective losing pitchers.

The Emmett Ave-Bethany Baptist contest had to be suspended after six innings of play due to the one and one-half hour time limit rule. It will be resumed at a later date.

Tuesday night contests in Housel Park will find Bethany meeting Mt. Olive at 6:30 p.m.; Camp Branch and Flat Creek tangle at 8 p.m., while Nazarene and Sedalia First Baptist meet in the 9:30 p.m. tilt.

Warsaw Captures Baseball Crown

COLE CAMP — Warsaw High School captured the Kaysinger Conference baseball championship here Monday night on the strength of Steve Barb's no-hitter over the Cole Camp Blue Birds, 4-0.

The win pushed Warsaw's final season baseball slate to 6-1. Cole Camp dropped into a three-way tie with LaMonte and Stover for second place at 5-2.

Manager Bob Lemon was elated over the fact the Royals had managed to win one in the eighth inning.

"We've lost eight games in the eighth inning," said Lemon. "We turned the tide once anyway. We haven't left many men on base these last two games. That sure makes a difference."

O'Connors, WAFB Advance in Play

KINGSVILLE — Mike O'Connor Motors and Whiteman Air Force Base advanced to the winners' bracket semifinal game Wednesday night in the Stahl's Invitational Softball Tournament here with Monday night victories.

O'Connors whipped Houstonia Hamm's, 12-2 in five innings. Ron Clawson was the winning hurler; Willis Charles was tabbed with the loss. John Higgins hit his fourth home run of the season for O'Connors; Ernie Dow homered for Houstonia.

Whiteman edged Marshall, 4-3. Tuesday night games find host Stahl's meeting Third National Bank of Clinton at 7:30, while Houstonia tangles with Marshall at 9.

MacArthur Lane Comes to Terms

GREEN BAY, Wis. (AP) — Hoping for an overhauled backfield to improve their National Football League problems, the Green Bay Packers announced Monday night the signing of running back MacArthur Lane.

Coach Dan Devine related to a stockholders meeting from Oakland, Calif., that he had gotten the contract holdout to agree to a multiyear pact. He did not elaborate.

The Packers had acquired Lane in a trade with the St. Louis Cardinals for Donny Anderson, formerly one of the key men in Green Bay's backfield.

Devine's announcement delighted a meeting of 97 stockholders, overshadowing the club's report of 1971 profits of \$766,361, a decrease of \$373,018 from the 1970 report.

with Knepper's father. The Kneppers have three children, Peggy, 15; Art, 13, and Tina, 8, who stay with friends when their parents go racing.

"I enjoy it; I really do," the attractive, brown-haired Mrs. Knepper said. "House work? No way."

At the big Indianapolis track, Mrs. Knepper says her main jobs are "parts running and holding things."

"I can't do jobs that take a lot of muscle. I have no intention of working in the pits on race day. That's another place for muscle."

Hammond KO's 17 As Tigers Advance

By VAUGHN HART Sports Editor

Last Thursday it was the pitching of Dan Loethen that pushed the Fatima Comets into the sectional finals of the Missouri State High School Activities Association's baseball playoffs. Again Monday pitching stole the limelight, but this time it wasn't Loethen — it was Lee's Summit's Chuck Hammond.

Hammond had a hand in virtually all of Fatima's 21 outs in their sectional contest, striking out 17, picking up another putout by covering first on a play and assisting on yet another. It was one of the finest pitching performances of modern history in Liberty Park Stadium for a seven-inning game.

Hammond was touched for only one hit, that came off the bat of leadoff batter Steve Luebert in the top of the first, and walked only one. Again, Luebert had the honor of being the base runner; that came in the sixth.

Lee's Summit, who advanced to Wednesday's regional battle in Columbia, which is the last

step toward the state semifinals scheduled for LeMay, Mo., on May 26.

Lee's Summit coach Mike Roberts could well have set the tempo of the game before it started as he said, "... We've got to win today ... this is the first good day (weather-wise) that we've had."

The Tigers' bats rang out four hits and picked up as many runs off starter Loethen in the bottom of the first. Another run crossed the plate in the second, as catcher Rick Riddle, lofted a home run over the 321-foot marker in the left field.

Loethen then gave up his sixth hit of the game to Bill Bancroft, and was lifted for relief pitcher Darrel Leven. Leven started the game in left field, he and Loethen switched places.

However, the change to the slower-pitching Leven was of little help, as he gave up the balance of the runs on a total of four hits.

Hammond's control was as sharp as it had been all season, his coach said after the game. In chalking up his 17 strikeouts, he kayoed during one stretch 11 in a row. That came after one was

out in the first and lasted until first out of the fifth, when Randy Wieberg rolled out to second.

In the sixth, Hammond came up with three more strikeouts, but gave up the walk to Luebert after he got Ken Kliethermes and Leven on strikes.

Hammond faced the minimum of only 21 batters in the official count, but a sacrifice fly by Mike Oldlehr in the first and the walk to Luebert in the sixth, made the actual total number of batters faced by Hammond 23.

Clemente Sinks Cards

PITTSBURGH (AP) — Roberto Clemente claims his borrowed bat "just didn't feel right," but its clout sent St. Louis Cardinal pitcher Bob Gibson to his fifth straight loss.

The score was 1-1 in the seventh inning Monday night when Clemente stepped to the plate with a bat belonging to his Pittsburgh Pirate teammate Richie Hebner.

Moments later he knocked a Gibson fastball over the right-field wall for a three-run homer that power the Pirates to a 4-1 victory.

"I didn't think it was gone, but it sure as hell was," stated Gibson, the 36-year-old Cardinal ace who is off to the worst start of his career.

Clemente chose Hebner's bat almost in potluck. He's been trying various teammates' bats since last season because of difficulty getting ones made to his own, precise specifications.

"I used one of Manny Sagu-len's bats my first three times up and didn't get any hits," Clemente said. "I decided to try Hebner's even though it was lighter and just didn't feel right."

Pirate Dock Ellis gave up five hits and struck out seven as he lasted nine innings to out-duel Gibson, who surrendered 11 hits and also went the distance. "I've been pitching good," said Gibson. "It's just that I haven't been winning and winning is what it's all about."

"Everytime I made a good pitch tonight it seemed I jammed somebody and they got a hit."

As for the Cardinals 10-17 record, Gibson said only, "We've been in this position before. Somebody is just going to have to do something to pick us up."

Cardinals, Redlegs Set Baseball Mark

CINCINNATI (AP) — Sunday's doubleheader here in which the Cincinnati Reds completed a four-game sweep of the St. Louis Cardinals was played in the shortest time in modern history, a 22-year search of records indicates.

The Reds 4-3 win in the first game took only one hour and 58 minutes. Tom Hall's 2-0 shutout in the nightcap lasted only 1:15.

No doubleheader in Cincinnati since 1949 was accomplished so quickly, according to a Reds spokesman.

Yokuchi, Angus Seek Team Title

The North American tag team title now held by the Stomper and Danny Little Bear will be sought at Convention Hall Tuesday night by the team of Chati Yokuchi and Black Angus.

Also on the pro wrestling card is a Texas "death match" between Bob Orton and the Viking, a clash involving Omar Atlas and Billy Howard and a singles event for Yokuchi and Little Bear in the opener.

MU-Rolla Among Division Finalists

SPRINGFIELD, Mo. (AP) — Chosen to play in the Midwest regional of the NCAA college division baseball playoffs are Missouri-Rolla, Missouri-St. Louis and Northern Iowa of Cedar Falls.

Aldo Sebben of Southwest Missouri State, selection committee chairman, said Monday a fourth team probably will be added. He said the playoffs might be held at Rolla.

The regional will be Friday and Saturday. The winner will go to the national tournament at Springfield, Ill., June 4.

Missouri-Rolla won the Missouri Intercollegiate Athletic Association title and has an 18-10 record. Missouri-St. Louis, an independent, has a 19-6 record. Northern Iowa is the North Central Intercollegiate Conference champion with a 15-4-1 record.

Final BR Session

The final Senior Babe Ruth tryout session will be held Wednesday afternoon at 5:30 p.m. in Liberty Park Stadium. All boys between the ages of 16-18 are eligible to attend the tryouts.

No Le Haze Ready For the Challenge

BALTIMORE (AP) — No Le Haze, one of only three horses given a serious chance of beating Kentucky Derby winner Riva Ridge in Saturday's Preakness Stakes, was scheduled to arrive at Pimlico Race Course today in preparation for the 97th running of the \$150,000-added classic.

"He's fit and ready to run," trainer Homer Pardue said in an interview Monday following a workout at Belmont Park in which the Derby runnerup worked six furlongs in 1:15.2-5.

The Preakness field firmed up at nine Monday when trainer Bill Raymond named Freetex a definite starter.

Raymond, who was undecided about Freetex after his sixth-place finish in the Kentucky Derby, said he reached his decision after the colt worked five-eighths of a mile in 1:00.4-5 last Saturday.

"He turned in such good work, I decided to give him a chance," Raymond said by

telephone from New York.

Both Freetex and Eager Exchange are scheduled to be shipped to Pimlico from New York either Wednesday or Thursday. The other six entries for the 1 3-16-mile race, which will gross \$189,800 if all nine start, already are on the grounds.

Earl Hart, Pimlico's program oddsmaker, has installed the Meadow Stable entry of Riva Ridge and Upper Case as the 6-5 choice.

Key to the Mint, Paul Mellon's Rokeby Stable entry, was quoted at 2-1 following his impressive victory in Saturday's Preakness Prep. No Le Haze was pegged at 6-1 and Freetex at 12-1.

Bee Bee Bee, winner of the survivor Stakes at Pimlico earlier this year, was quoted at 15-1, with Eager Exchange, Festive Mood and Hasi's Image, the 11th-place finisher in the Derby, all at 20-1.

Ex-Missourian Finds Home in Pits

Wanda Knepper: Mechanic, Wife

INDIANAPOLIS (AP) — Wanda McBride Knepper didn't know a torque wrench from a screwdriver until she was 18 years old.

Now she is the first authentic woman race car mechanic permitted to work in the Indianapolis Motor Speedway garages.

"I was in high school at Arnold, Missouri," she recalled, "when some friends asked me if I wanted to meet a midget driver who had just got back from Korea."

"I expected to meet a midget man. I didn't know there was such a thing as auto racing."

Belleville, Ill., who had grown up in racing with his father, Roy. She found his stature and occupation satisfactory and married him two years later.

"I've worked on race cars for 17 years," Mrs. Knepper said. "Arnie started me off like he would anybody else—washing engine parts in kerosene. Then I graduated to ordering parts and checking the shipments, then to tearing down engines, and then to helping put them back together."

"I did most of the body work on the car Arnie hopes to drive in the 500-mile race. It's a 1968 Eagle that has been driven by Mark Donohue, Ronnie Buck-

num and Arnie. Arnie has made some modifications on the back end."

"It had a Chevrolet engine last year and Arnie qualified in three of the six USAC championships races where we took it."

"This year we're putting in an Offenhauser engine," the attractive, brown-haired Mrs. Knepper said. "House work? No way."

At the big Indianapolis track, Mrs. Knepper says her main jobs are "parts running and holding things."

with Knepper's father.

## With Palmer's Run...

# Orioles Snap 4-game Skid

By HERSCHEL NISSENSEN  
Associated Press Sports Writer

The team to beat in the American League East is (a) the Baltimore Orioles, (b) the Detroit Tigers.

"They have to beat us," said Earl Weaver, the Baltimore manager, after the Orioles edged the Tigers 3-2 Monday night and snapped a four-game losing streak.

"He's got that a little mixed up, doesn't he? They're behind

us," replied Billy Martin, the Detroit skipper.

That brilliant repartee may bring a chuckle or two from Ken Aspromonte, manager of the Cleveland Indians, who were idle Monday but lead the division by one game over the Tigers and 2½ over the Orioles.

Elsewhere, the Chicago White Sox nipped Minnesota 4-3, Oakland downed California 2-1 and Kansas City shaded Texas 5-4. Milwaukee, Boston and the New York Yankees, along with

the Indians, were not scheduled.

Over in the senior circuit, Bob Gibson suffered his fifth straight setback against no wins as the St. Louis Cardinals lost to Pittsburgh, 4-1. Philadelphia blanked Chicago, 4-0; Houston bombed Atlanta, 8-2; the New York Mets defeated Montreal, 5-3; and Los Angeles nipped San Diego, 2-1.

Baltimore's Jim Palmer not only hurled a four-hitter to beat the Tigers in Detroit for the first time in his career, but slammed his first major league triple in the seventh inning and scored the winning run on Don Buford's bloop single.

Palmer pitched scoreless ball after being tagged for solo home runs by Gates Brown in the first inning and Willie Horton in the second. The Orioles tied the score in the second on Mark Belanger's run-scoring single and in the third on Merv Rettenmund's homer.

The race in the AL West also tightened up as the Twins saw their lead shrink to 1½ games over the A's and 2½ over the White Sox.

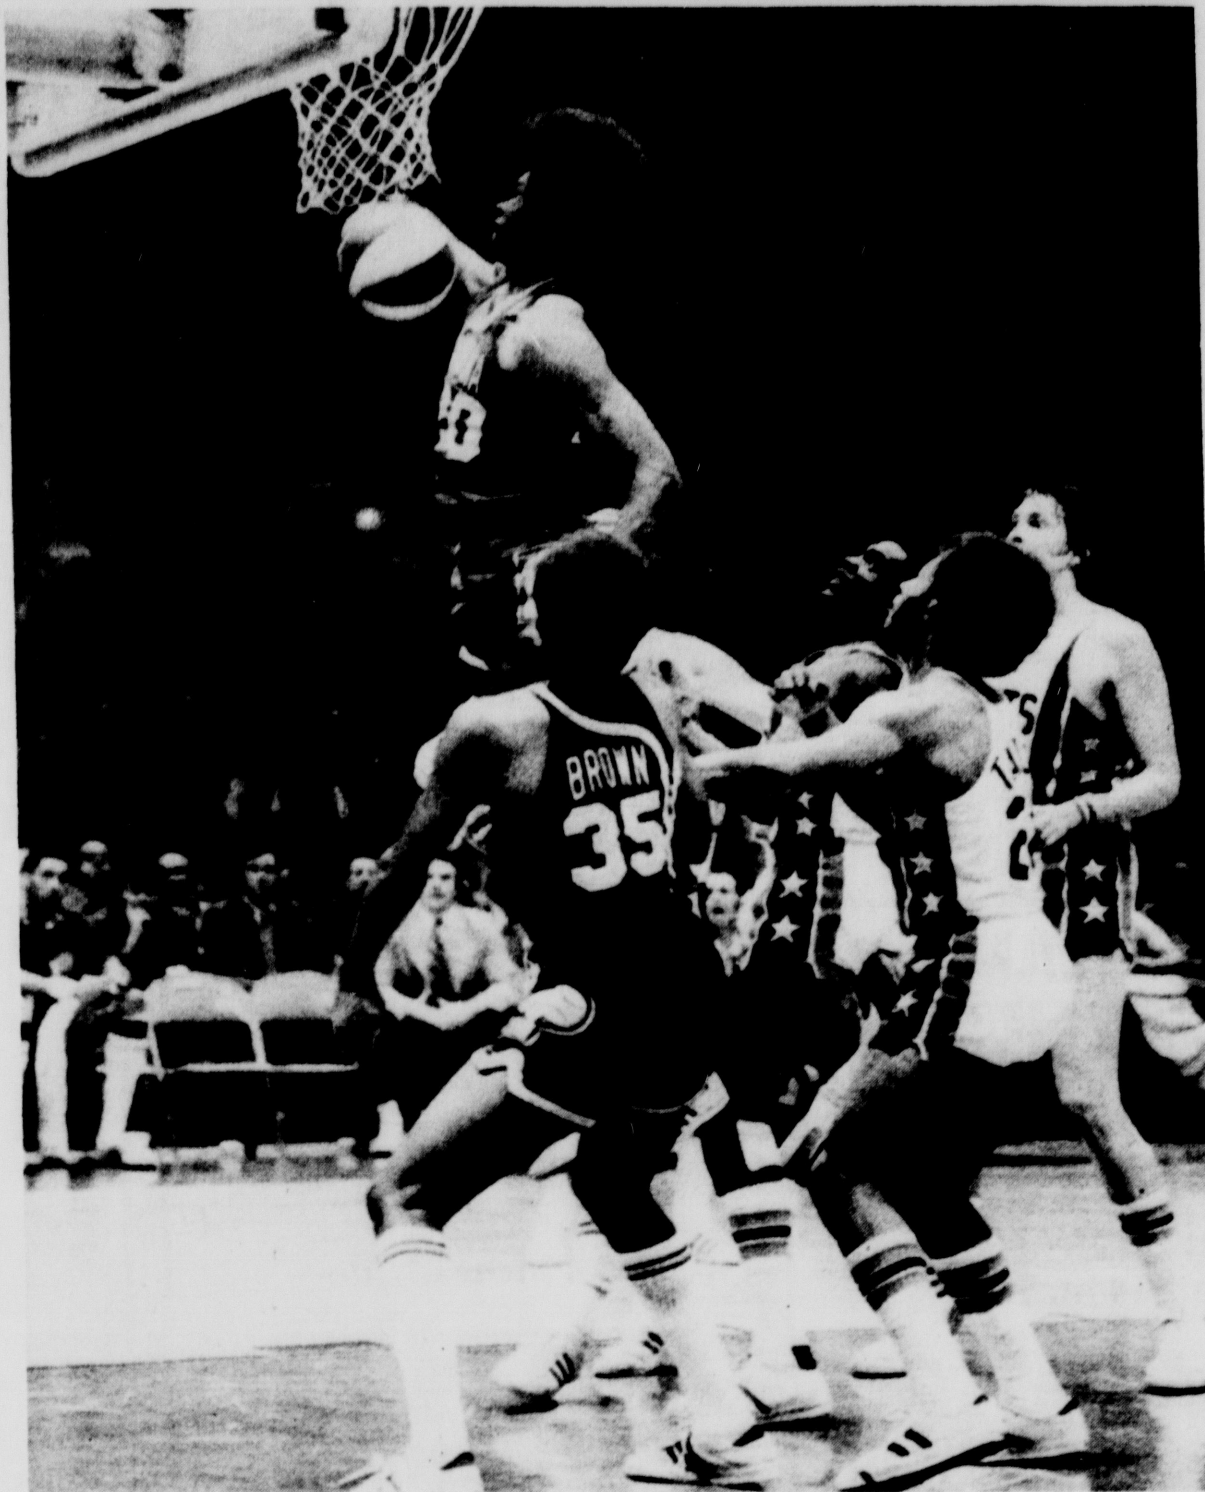

The White Sox kayaked Minnesota's Jim Perry inside of two innings and held on for their 12th victory in 13 home games as opposed to 2-8 on the road. Wilbur Wood notched his six triumph, with last-out help from Terry Forster.

Harmon Killebrew homered for the Twins in the ninth.

Blue Moon Odom fired a two-hitter and Angel Mangual homered as the A's edged the Angels, 2-1. The right-hander, fighting his way back from arm problems and apparently a regular starter now that Denny McLain has been sent to the minors, yielded only a third-inning single to Sandy Alomar and Bob Oliver's run-scoring double in the fifth.

Joe Rudi singled home an Oakland run in the first inning and Mangual homered in the fourth off loser Nolan Ryan, who left the game in the same inning with a recurring groin injury. The Angels also lost Ken Berry, the AL's leading hitter, with a concussion and gash over his right eye when he collided on the basepaths with Oakland second baseman Larry Brown.

The Royals blew a 4-0 lead against Texas before Lou Piniella singled in the eighth inning and Cookie Rojas doubled him home with the winning run. Piniella and Rojas also contributed singles to a three-run fourth. Dick Billings drove in two runs for the Rangers with a sacrifice fly and a single that tied the score in the top of the eighth.

Snatches Rebound

Indiana Pacers' Darnell Hillman leaps high above other players for a defensive rebound during the Pacers' American Basketball Association playoff game against the New York Nets, Monday night, in Uniondale, N.

Y. Identifiable players are Pacers' Roger Brown (35) and Nets' Ollie Taylor (22). The Nets won and evened the series at two games apiece with a 110-105 win.

(UPI)

## Nets Knot ABA Series

UNIONDALE, N.Y. (AP) — The numbers were all bad as Coach Lou Carnesecca talked to his New York Nets at half-time of Monday night's fourth game of the American Basketball Association championship playoff.

His club was down by five points, and three players—Rick Barry, Tom Washington and John Baum—were in foul trouble with three personals apiece.

"We were in trouble," decided Carnesecca, "but then, I think we were born in trouble."

The troubled Nets, driven by their demonstrative coach, rallied for a 110-105 victory that tied the best-of-7 series at two games apiece. Game five is in Indiana Thursday night, with the teams returning to New York for a sixth game Saturday afternoon.

What did Carnesecca tell the Nets at the intermission that turned this game around?

"I said," the coach con-

fessed, "For heaven's sake, box out."

That's basketball lingo for getting tough underneath, and that's what the Nets did. They played a rugged defense that turned the game around in the second half. They boxed out,

grabbing rebounds that had escaped them in the opening 24 minutes.

Billy Paultz, the 6-foot-11 center, was the big man with 30 points and 18 rebounds. Rick Barry added 26 points. Together, they made 24 of 36 shots from the field and eventually, they simply wore Indiana down.

"Whenever I judge how I played in a game, I look at the man I was guarding," said Barry. On the matchups, he and Paultz came way out ahead. Barry's man, Roger Brown, managed only 19 points, while Mel Daniels, who played against Paultz, had 15.

John O'Donnell of Yonkers, N.Y., and cousins Bernard Carlesimo of Newark, N.J., and Gregory Carlesimo of Upper Montclair, N.J., will serve as Fordham's 1972 football captains.

### Expect Cowboys To Defend Title

KANSAS CITY (AP) — Oklahoma State is expected to win its 14th Big Eight golf championship in 15 years at the conference tournament on the Lake Valley course at Boulder, Colo., Friday and Saturday.

The last time OSU failed to win the crown was four years ago on the Lake Valley course.

Missouri, Oklahoma and Nebraska are expected to give OSU their toughest competition.

The two top teams and the first 10 individuals will qualify for the NCAA championship at Miami, Fla., in June.

## hartbeats

by vaughn hart  
sports editor

With one first-place in baseball and a tie with Smith-Cotton for first in the league basketball race, the Columbia Hickman Kewpies win the all-sports award for the 1971-72 season in the Central Missouri Conference.

Oh, sorry, no all-sports trophy given in this league.

At any rate, the tabulations of this editor reveal something that may astound a lot of the CMC followers. And that simple fact is that consistency will get you a long way. Maybe we all could learn a lesson from the way Columbia churned out 35½ points to win (in theory) the Central Missouri Conference All-Sports trophy.

The Kewpies won the baseball title with a 6-2 record. In addition, they tied Smith-Cotton in basketball for first with a 7-1 slate. But the rest of the Kewpies' finishes in the remaining seven league sports netted them six second-place awards. The only area that they finished lower than second in was in cross country, where they gained fourth.

But Columbia's consistency would have been a key factor in winning an all-sports trophy, if it were presented.

Jefferson City, felt by many as the strongest athletic school in the five-team (Mexico will be out of the league after this season) league, won first in football, wrestling, golf and tennis, and wound up with 29½ points for second place.

Hannibal and Mexico rounded out the theoretical all-sports tabulations with 21 and 20½ for fourth and fifth respectively.

The points went thusly: five for first, four for second, three for third, two for fourth and one for fifth. In the case of ties, the points for the tied position plus the points for the next lowest position were added together and divided by the number of schools that tied for a particular position in the final standings.

Only 14 total points were awarded in the cross country division, since Jefferson City athletic director Pete Adkins seek fit not to enter a squad in the conference meet. The remaining eight categories (football, basketball, wrestling, indoor track,

outdoor track, golf, tennis and baseball) each had a total of 15 points awarded.

Consistency, that little something that high school, college and professional athletes, must have to remain highly competitive, is just what the word implies. And the Kewpies put to good application that theory during the 1972-73 school year.

How many times have you gone out to the golf course and shot what you considered to be a good round, say, for example, an 85? But the next couple of trips out to the links you found yourself banging the ball around and coming in with scores of 95 or more.

What is one of your first statements? I'll bet it sounds something like this, "Boy, I wish I could play a consistent game."

Yes, consistency, that little something that makes a team (or school or person) highly competitive all the time.

Consistency—a lesson learned from the Kewpies that will fit into any part of life.

## OU Wins Big 8 Crown

COLUMBIA, Mo. (AP) — The Oklahoma Sooners have won the Big Eight Conference baseball championship.

The Sooners grabbed the crown Monday when they swept a doubleheader from the Missouri Tigers 5-2 and 4-2. The two clubs were to play a single game today but it didn't mean a thing.

Oklahoma's double triumph over the Tigers made the Sooner record 12-7 in the Big Eight. Only Colorado, 10-8, still had a chance of moving into the title seat before the Sooners eliminated the Buffs, who finished their season two weeks ago.

Jackson Todd, Oklahoma's fine sophomore pitcher, struck out nine and allowed seven hits in beating the Bengals in the opener. In that game, Bobby Jack hit a two-run home run, a double and a single.

The Sooners got three runs in the fourth, two scoring on Mike Marino's triple.

Oklahoma wrapped up the second game quickly, scoring four times before pitcher Ben Tensing could get anybody out in the first innings. Singles by Joe Simpson, Bill Stevens, Kenny King, a walk to Jack, Chuck Reddon's single and a wild pitch turned the trick.

Oklahoma will go into the NCAA regional playoffs against an opponent yet to be determined. The winner will advance to the NCAA's national tournament. Tulsa University is expected to be the other team in the regional layoff.

### Win AHL Crown

HALIFAX, N.S. (AP) — The Nova Scotia Voyageurs defeated the Baltimore Clippers 4-1 Monday night to win the American Hockey League championship and bring the Calder Cup to Canada for the first time in the history of the league.

The victory gave Nova Scotia a 4-2 edge in the best-of-seven series.

### Accept Invitations

BROOKLINE, Mass. (AP) — Australians Rod Laver and Ken Rosewall have accepted invitations to the ninth U.S. Pro Tennis championships at Longwood July 31-Aug. 6, the sponsoring New England Merchants National Bank announced Monday.

### HALL BOOKLET OUT

COOPERSTOWN, N.Y. (AP) — One of the most informative baseball publications of the spring is the National Baseball Hall of Fame and Museum booklet. The 72-page publication is devoted exclusively to the game's shrine here.

Copies are available at \$1.25 each, including postage, by writing the National Baseball Hall of Fame, Cooperstown, N.Y., 13326.

## McLain Sent Down By the Oakland A's

ANAHEIM, Calif. (AP) — Pitches which lacked steam and a medical problem were cited by Oakland A's manager Dick Williams when he broke the news that former 31-game winner Denny McLain was optioned to the minor leagues.

"He just wasn't throwing the ball as hard as we know he can," said Williams of the right-hander who has a \$75,000 contract.

McLain, apparently informed of the move Monday morning by A's owner Charles Finley did not make the trip with the team here for a series with the California Angels.

Williams said the pitcher visited a doctor on Sunday who blamed a medication McLain was taking for making the pitcher feel weak.

The prescription was changed, Williams said, but he didn't mention what ailment McLain was under treatment for.

Over the weekend, Williams had demoted McLain to the A's bullpen after the pitcher was hit hard in his last start. "I

don't think he has the velocity he had in the past," the manager said then. "I go on what I see out there. . . . From the way he's throwing, and the statistics show it, I don't think he could help anybody right now."

McLain had a 1-2 record with the A's but was unsuccessful in four of five outings.

His earned run average for 22 innings of work this season was 6.05 and he failed to go more than three innings in his last two starts.

### End Competition

BOSTON (AP) — The North American Figure Skating Championships, a bi-annual competition held between the United States and Canada for half a century, have been terminated.

Chuck Foster, of the U.S. Figure Skating Association, said the Canadians requested at a meeting last weekend in Cleveland, Ohio, that the event be ended.

"They felt the championships had outlived their usefulness. They just wanted to withdraw," Foster said.

### Angels Send Down Catcher Joe Azcue

ANAHEIM (AP) — The California Angels assigned catcher Joe Azcue to their Salt Lake City farm team in the Pacific Coast League today and recalled receiver John Stephenson.

Thus, Azcue's comeback bid after a season away from the game was temporarily stalled. Azcue, who sat out last year in a salary dispute with management, appeared in only three games this season. He came to bat only twice with no hits. Stephenson spent the 1971 season with the Angels, hitting .219 in 98 games.

## Narrowly Misses 200 mph

# Unser's Speed Sets Indy Buzzing

INDIANAPOLIS (AP) — The railbirds brought out their sliderules at Indianapolis Monday and took a second look at Bobby Unser's breathtaking 196.678 qualifying lap.

Among other things, they figured:

—Had the Albuquerque,

N.M., driver gone 219.13 feet further in his elapsed time of 45.76 seconds, he'd have reduced his time to 45 seconds flat and his lap speed would have been 200 miles per hour.

—Putting it another way, 293.3 feet per second is 200 m.p.h. at the 2½-mile In-

dianapolis Motor Speedway oval. Unser covered 289 feet each second he was under the clock.

—Or, as one of the seasoned observers put it, "Say the words '1,000-to-1' real quick and you've already used the time

he needed to do 200. Or simply blink your eyelashes three times."

Unser, driving one of Dan Gurney's Olsonite Eagles, ripped off four laps at an astounding 195.940 m.p.h. to take a strangle-hold on the pole position for the May 27 Indianapolis 500-mile race.

It was, as still another sliderunner put it, "The greatest combination of driver, machine and sheer courage in the history of auto racing."

But while the Speedway crowd was still agog over a record-shattering performance Sunday that lifted the one-and-four-lap marks more than 17

m.p.h. over anything ever recorded at the ancient brickyard, work went on for the other drivers—particularly Mark Donohue and Peter Revson.

These two hotshots are the only top contenders who still have a shot at Unser's pole position in final time trials this weekend. Even then, the best they may hope for is to snatch the other two front row spots being held for the time being by Gary Bettenhausen and Mario Andretti.

Bettenhausen qualified his McLaren at 188.877 m.p.h. Sunday for the second-best time of the day. Andretti put one of

Parnelli Jones' radical new cars in the lineup at 187.617.

Donohue worked his Roger Penske McLaren up to 190.114 Monday. Revson also hovered near the 190 mark in a Team McLaren car, though he already has done over 191 in practice.

Twelve drivers made the 33-car lineup Sunday, averaging a sizzling 183.980 m.p.h. for the 48 miles they covered.

### During Entry Signing

## Utz Praises Jaycees

"The Jaycees race is one of the highlights of the year for two reasons for me," said Sedalia sprint car driver Bill Utz, the 1970 champion of the Jaycees' annual event.

"I like to race in front of the hometown fans and it gives me a good feeling to take part in an event where the proceeds help benefit the community," he said after inking his entry form for the May 28 race at the Missouri State Fairgrounds.

Utz was referring to the fact that the Sedalia Jaycees, co-sponsors of the event this year with the International Motor Contest Association, use the profit from the race to provide assistance to the many civic projects which they help support.

Utz will be making his first start in the event since 1970. The popular local restaurant owner had to skip last year's event because of burns he received the night before the 1971 race, competing in weekly super-sprint program at Capital

Bill Utz

Speedway, near Holts Summit, Mo.

Utz traveled to Tampa, Fla., in early February, where he competed in the IMCA's season opener during the Florida State Fair. However, mechanical

problems hampered him there. He is still seeking his first feature win of the season.

"We feel," said Utz echoing the thoughts of most of the area IMCA drivers, "that the Jaycees give racing fans the best show of the year; we do it for charity. . . . we have the best fans in the country." Utz was pointing his remarks at the fact that the Jaycees have been the only organization that has been able to successfully put on an annual "still date" race at the Fairgrounds.

This year's event will begin with time trials at 11 a.m.; the first of six races will be staged at 1 p.m.

A demolition derby is scheduled to conclude the day's activity.

Advance tickets are now on sale from any Jaycee member for the reduced price of \$3. They may also be obtained by writing the Jaycees at Box 11 Sedalia.

Tickets the day of the race will be \$1 higher.

John Vestal, son of Mr. and Mrs. Harold Vestal, 1207 East 11th, will begin basic training in the U.S. Air Force July 4 at Lackland AFB, San Antonio, Tex. He is a 1972 graduate of Smith-Cotton High School.

#### A FALL COMEDY

NEW YORK (AP) — "Steel-yard Blues," a comedy starring Jane Fonda, Donald Sutherland and Peter Boyle, is set for an early fall release.

## Budget Division Totals Expenses

TOPEKA, Kan. (AP) — The Kansas State Budget Division reported Monday to Gov. Robert Docking that a total budget of \$998.2 million for the 1973 fiscal year beginning July 1 was approved by the Kansas Legislature.

The total includes \$465.6 million for operating costs of state agencies, \$384.4 million for aid to local governmental units and \$148.2 million for capital improvements.

The budget remained under the \$1 billion mark as Docking said he would insist in keeping it. However, expenditures which will be approved by the 1973 legislative session in supplemental appropriations plus expenditures which are almost certain to be approved by the State Finance Council are virtually certain to push the final '73 budget over the \$1 billion figure.

The budget division's report said aid to local units of government represent 38.5 per cent

of the budget and it is estimated federal funds will provide \$252.2 million or about 25 per cent.

The fiscal 1973 budget represents an increase of \$22.8 million, or 2.3 per cent above the revised fiscal 1972 budget.

It also represents an increase of \$47 million or 5 per cent over Docking's recommended fiscal 1972 budget.

The Budget Division report said the 1972 legislature approved expenditures of \$389.0 million from the general fund, an increase of \$17.3 million or 4.7 per cent over the fiscal 1972 revised estimate.

Revenue measures adopted by the 1972 legislature — primarily disallowing of federal income taxes as deductions on the state returns of corporations and financial institutions — will produce an estimated \$16.7 million in new revenue.

The report estimated the State General Fund ending balance will increase from \$19.3 million on June 30 this year to \$21.1 million by June 30, 1973.

Low point in the estimated month-ending balances was predicted for March 1973 — a deficit of \$2.9 million.

If tax receipts exceed the estimates as they have been so far this calendar year, the month-ending balances would be higher.

The report said the "most significant increases" in the State General Fund expenditures in the 1973 budget were for education.

The state is spending next fiscal year \$10.9 million more as the employer's contribution for the retirement system for the school employees and increased State Board of Regents institutions' appropriations by \$5.1 million. Also a new tuition grants program for students of independent colleges was funded with an appropriation of \$1 million.

ments in the newsletter were misunderstood and that it never intended to "impugn the integrity" of the legislators.

Although not answering specific questions before the legislative body, Weil said his newsletter report came from a "lot of loose talk which had been carried on . . . but not by members of the Legislature." Not fully convinced by the explanation, the House approved a resolution sending the matter to the Illinois Legislative Investigating Commission from which a report is due by June 5.

At a news conference earlier Monday, Weil denied that he ever implied that bribery was involved.

"Never can you find in any of my statements that I thought this money belonging to the IEA was actually influencing what was taking place in the Legislature," he said. "I never used the word bribery. I would not engage in such loose talk."

But he also said he has information "to back up the statements, at the proper time." He added that the IEA had appropriated \$300,000 for dispersal among legislative candidates voting favorably on IEA-backed bills. The money would be in form of campaign contributions, he said.

Dr. Curtis Plott, executive secretary of the IEA, said the organization does funnel campaign funds to "support candidates who support education legislation." He said, however, that this is a standard practice among interest groups and "a matter of public record."

## People In The News

HOLLYWOOD (AP) — Cliff Arquette, who created the comic character Charley Weaver, is at home after being hospitalized since April 24 because of a heart attack.

A spokesman said the 66-year-old actor would be able to resume work on the "Hollywood Squares" television show in three or four weeks.

Arquette suffered the attack while driving home from Phoenix, Ariz. He was released from a West Covina hospital Monday.

CAMBRIDGE, Mass. (AP) — Dr. Martina Souretis Horner, a 32-year-old mother of three children, will take over on July 1 as the youngest president in the 93-year history of Radcliffe College.

A psychologist who has studied the emotional strains that professional success brings to women, Dr. Horner is an assistant professor of clinical and personality psychology at Harvard.

Her appointment as Radcliffe's sixth president was announced Monday night. She succeeds Mary I. Bunting who resigned to become special assistant to Princeton President William G. Bowen.

SEOUL (AP) — President Chung Hee Park celebrated his 11th year in power today with a simple ceremony, and made his first public appearance since suffering a minor chest injury April 21.

Park expressed satisfaction with economic and social developments during his term in office and called for continued efforts to modernize the nation. He also said South Korea is prepared to meet any aggression from the Communist north. Park suffered contusions on the left ribs April 21 when he tripped and fell during a stroll in his garden.

## Lobbyist Refuses To Detail Charge

SPRINGFIELD, Ill. (AP) — A legislative lobbyist has refused to elaborate on his charges that money was offered to legislators in exchange for votes, but the matter appears to be far from dead.

Oscar Weil, a representative of the Illinois Federation of Teachers, told a House meeting Monday that he never intended to imply that lawmakers had taken a bribe by his comments in an IFT newsletter distributed last week.

In that newsletter, Weil said the Illinois Education Association, a longtime rival of the IFT, had "approached many legislators with offers of money, staff assistance and other support in return for votes."

The charges triggered an uproar in the House, forcing Weil to explain the accusations before the lower chamber at a special committee meeting Monday afternoon.

In a brief speech before the lawmakers, Weil said his comments were "a matter of public record."

The charges triggered an uproar in the House, forcing Weil to explain the accusations before the lower chamber at a special committee meeting Monday afternoon.

Programs were interrupted Monday with bulletins and short reports on what was known within minutes of the tragedy. But once again it was good old flexible radio to which the viewer turned during the initial moments of the developing drama for a minute-by-minute fill-in on what was then a fluid and somewhat confused situation.

Viewers flipping around radio and TV dials first encountered little news but lots of heavy breathing and hyperbole—all sorts of opinions came over the air. At one point this listeners heard about alleged involvement by blacks in the shooting. Almost immediately, on another station, this rumor was scotched by a report that a blond white man was in custody for the shooting.

Eventually ABC television came along with a broadcast showing what appeared to be a blond man being hauled away by authorities.

CBS obtained, it appeared, the first dramatic material—actual scenes of Wallace moving around the crowd, the sound of the shots and then the aftermath. There was a closeup of the presidential aspirant on the ground, blood stain on his shirt, and his wife bending over him.

NBC interrupted its feature film broadcast in the late evening for a 20-minute summary of the situation up to that point. It showed some confusing film made at the time of the shooting, had an equivocal report on Wallace's condition made from outside the hospital and went on to show some old clips of film made during other Wallace campaigns.

Fast breaking stories are not gracefully absorbed by television but radio is easily able to keep up with bulletins, handle interviews and generally keep the public informed under such conditions.

Television, however, did serve one vital function in reflecting the reaction—revulsion and shame—of average men and women to the use of violence. The reaction was uniform, in an assortment of "man-on-the-street" interviews, quite regardless of the political opinions of the individuals questioned.

# Wallace Movement Won't Stop With Shooting

By **WALTER R. MEARS**  
AP Political Writer

WASHINGTON (AP) — Gov. George C. Wallace has played upon a chord of political protest that won't be silenced by the bullets that for the present have stilled his presidential campaign.

It is a campaign that seemed destined to reach its high point today, with the Alabama governor favored to win the Democratic primary elections in Maryland and Michigan.

But Wallace could prove

more formidable in the weeks ahead from a hospital bed, a martyr to his political cause, than as an active campaigner trying to become a Democratic power broker.

In Maryland and Michigan, Wallace is sure to enlarge on the bloc of presidential-nominating votes that now rank him third in the field. Wallace has 210 votes. Sen. George McGovern leads with 358 first-ballot commitments. Sen. Hubert H. Humphrey has 241½.

It appears certain that somehow the 1972 Wallace move-

ment is going to be continued even with the candidate himself out of action—that almost surely the effort will be made to hold his delegates in a force that will have clout in the divided Democratic convention.

There is no obvious stand-in or campaign successor to Wallace. His was essentially a one-man show. There were about 1,000 people on hand at Laurel, Md. when Wallace was gunned down Monday. No other Democrat can turn out that kind of crowd for a weekday political rally.

Nonetheless, with the governor out of the campaign, it is likely someone will stand in to represent him as a symbol of the mood of protest on the Democratic right.

After today, Wallace appeared to have no place to go in the primaries. His name is on the ballot for the May 23 election in Oregon and Rhode Island, but neither is in territory likely to prove particularly friendly.

His three primary election victories were scored in the South, in Florida, Tennessee,

and North Carolina. He ran strong in losing the primaries in Wisconsin and Pennsylvania.

Wallace is not entered in the California primary which will award 271 nominating votes on June 6. He talked of a write-in campaign there, and had considered the possibility of campaigning in New Mexico which votes the same day.

Now a Wallace proxy could turn up in one or more of those campaign states to seek whatever support there is to be had for the wounded Alabama governor.

It is conceivable that Cornelia Wallace, wife of the governor, might stand in for him at some campaign appearances. There is a precedent. Ineligible to succeed himself when his initial term as governor of Alabama ended, Wallace in 1966 ran his first wife, Lurleen, for the office. She won, but died of cancer before her four-year term was over.

In Maryland, Wallace returned to the scene of his

strongest showing in his first presidential campaign, outing eight years ago. He entered three Democratic primaries in 1964, losing them all to stand-ins for President Lyndon B. Johnson, but gaining 42 percent of the vote in Maryland.

Wallace delighted in telling his current campaign crowds that the chance he might make that kind of showing on an 11-name ballot this year gave Democratic leaders the shakes.

The former Alabama circuit judge promoted his third-party candidacy in 1968, and wound up carrying five Southern states against Humphrey and President Nixon.

He never flatly ruled out another third-party campaign this year although he indicated it was not probable.

What Wallace seemed to strive for was to be a man to be reckoned with—and, he hoped, dealt with—when the Democrats hold their convention in Miami Beach in July.

He talked of forcing con-

cessions to his viewpoint on such issues as opposition to the busing of school children for purposes of racial balance. That was his big issue in the Florida primary and it was a major one in Michigan, too.

That was the issue that carried the unspoken message of Wallace's segregationist past. But it was only part of the 1972 Wallace campaign fare.

But the message that was sent Monday was simpler: It is that the savagery of assassination which deformed American politics in 1968 still lurks in the mood of 1972.

## Trip to Hospital Lengthy For Wallace

By **JULES LOH**  
Associated Press Writer

SILVER SPRING, Md. (AP) — The ride to the hospital seemed interminably long to Gov. George C. Wallace.

"How much longer?" he asked several times during the 15-minute trip. "I hope they give me a shot of something soon."

It was a trip the provocative campaigner was mentally prepared to make. "I suppose some day somebody might throw something at me other than a rotten egg," Wallace once remarked during his 1968 campaign for the presidency.

Did he worry much about being shot?

"It's not something you let worry you," he said at that time, "but I'm fully aware of the possibility. I'm reminded of it every time I step behind that lectern."

The lectern is a three-sided, bulletproof, steel barricade which takes two men to set in place.

Wallace used it in three campaigns the last eight years and spoke from behind it Monday at nearby Laurel—just before he mingled in the crowd and was shot.

At his side and also wounded was Capt. E. C. Dothard of the Alabama state police, a taciturn man who has described his feelings for the governor sim-

ply: "I love that little man."

At rallies across the country the past eight years, burly Capt. Dothard has fended off blows from picket signs and many times has stepped in front of Wallace amid barrages of rotten eggs, rocks and bottles, always without a word.

Monday, Dothard, who suffered a flesh wound in his right side, wordlessly held up his forefinger and thumb in an okay sign when he was helped into the ambulance alongside the governor.

Wallace returned the sign and winked at Dothard, who was released from a hospital Monday night.

Wallace was leaving the rally, in a supermarket parking lot, when the man accused of shooting him called him back, according to Emmett W. Eaton, a campaign aide.

"Hey, George, ain't you going to shake my hand?" Eaton said the man called out.

"George turned and walked toward him and that's when he was shot," Eaton said.

Eaton said he rushed to the fallen Wallace, who was lying on his back, and began unbuttoning his shirt.

"Where did they get me?" Eaton said the governor asked him.

"I told him I didn't think it was too bad," Eaton said. "I

don't think he thought it was either."

Another campaign worker, Charles Carmon of Mobile, Ala., said Mrs. Wallace embraced the governor as he lay on the pavement, staining her bright yellow jacket with his blood.

"The blood was awful," Eaton said. "I tried to stop it with my handkerchief and borrowed two more handkerchiefs. It seemed like the ambulance would never get there."

At length, Eaton said, they despaired of the ambulance arriving and loaded Wallace into a station-wagon. Just then the ambulance arrived.

"He was in pain," Eaton said. "But he was the calmest one in the ambulance."

"He asked for a pillow and I put a blanket under his head. He asked about his wounds. I tore his shirt off and tried to stop the blood with bandages. He didn't complain. It was then that I noticed the wound in his chest."

The ambulance drove to Holy Cross Hospital in Silver Spring without the benefit of a police escort. When it arrived Wallace was taken immediately to an examining room, then into surgery.

"All of us knew this was something we might have to contend with some day," said Eaton, who had served as an advance man in Wallace's cam-

paign in 1964, 1968 and during the current primaries.

"In fact, just before the shooting I remarked to George Mangum (a campaign worker): 'Well, that's another one under our belts,'" Eaton said.

"I said to Mangum, the next two are indoors and then we're home free. Somehow indoor rallies always seem safer than ones outside."

## Shooting Called Tragic

ST. LOUIS (AP) — Sen. Thomas F. Eagleton, D-Mo., Monday night called the shooting of Alabama Gov. George C. Wallace "another senseless, tragic, inexcusable act of political violence."

Stuart Symington, Missouri's senior senator, said it was "tragic and disgraceful."

Lawrence Roos, St. Louis County supervisor, said it points up the need for gun control laws to stop "useless blood spilling."

But Lyman Bergmanis, a Wallace supporter and organizer for the American Independent Party in Missouri, said he hoped the shooting would not cause a flood of gun control legislation. He said the person who shot Wallace was irresponsible and "he doesn't represent responsible gun owners."

Gene Chapman, who ran for a U.S. Senate seat from Missouri on the American Party ticket in 1970, said he abhors the idea that people think they can stop political movements "by the bullet." He said the assailant never accomplishes his goal because there are always others waiting to take over when a leader falls.

Chapman said he thinks there is a direct link between United States' violence used in Vietnam to solve political differences and the violence in domestic politics.

**Wounded Agent Region Resident**

KANSAS CITY, Kan. (AP) — Nicholas Zarvos, the Secret Service agent who was wounded in the neck during the shooting of Gov. George Wallace Monday, formerly lived in Kansas City, Kan.

His mother, Mrs. Mary Zarvos, said she was proud of her son.

"That's just part of his job," she said Monday night. "I'm proud of what he is doing, no matter who he is protecting."

His father, James N. Zarvos, was killed in a traffic accident several years ago.

Neighbors described Nicholas Zarvos as a gentle and polite person.

He last visited his mother about 18 months ago when he attended a convention in Kansas City.

**Wallace Incident Blasted By Dole**

OLATHE, Kan. (AP) — Sen. Bob Dole, R-Kan., addressing Mid-America Nazarene College's first graduating class Monday night, said Gov. George Wallace was shot down "by one who still believes the bullet should have preference over the ballot."

"It is unfortunate that those who seek the highest office in the land cannot move around and exercise their rights without risk of serious injury or death," Dole told the 104 graduates.

He said only a few Americans would shoot down those with whom they disagree.

"You may disagree with his (Wallace's) views, but he has a right to them and there are many Americans who agree with those views," Dole said.

**Wallace Shooting Cancels Protest**

LAWRENCE, Kan. (AP) — An antiwar demonstration at the University of Kansas was canceled Monday night because of the shooting of Gov. George Wallace.

John Musgrave, a protest leader, said the group feared marchers might be the target of "emotional elements" among the Alabama governor's supporters.

In South African Army jargon, recreation is known as "leisure utilization."
